**Celebrating Intellectual and Developmental Disabilities Awareness Month.**

# WE WORK

— Sheltered Workshop — Competitive Employment

# WE LEARN

## District Transition Programs

15% of our clients are eligible for High School Transition Services. These clients have access to our partnership with District Transition Programs that support individuals in learning life skills.

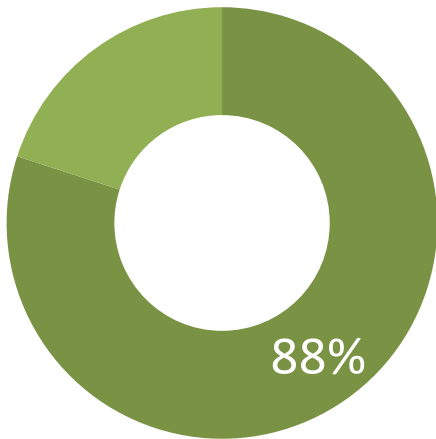

## Individual Education Plans

54% of our clients are children (under 18 years) and have access to transition, service, and advocacy supports during the IEP process through I/DD case management.

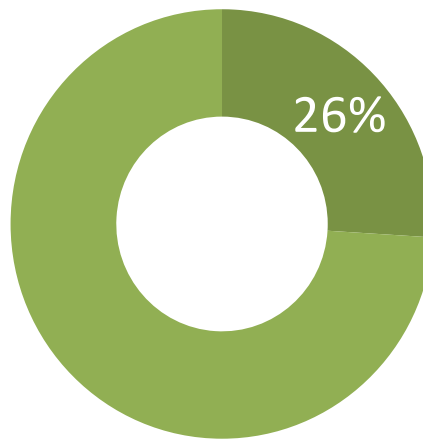

# WE LOVE

The K-Plan Medicaid expansion makes it possible for individuals to receive services at home so they stay connected to loved ones and the community.

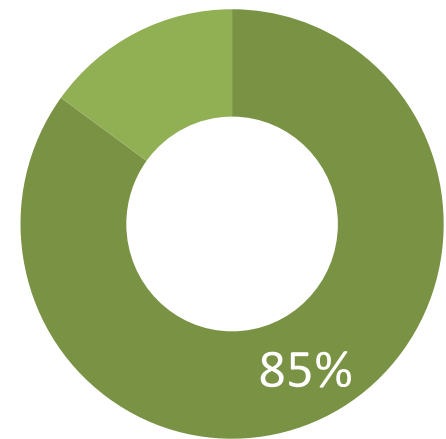

Children living at home

Adults living in own home or family home

"I can choose the people I want to do things with"

thank you

A thin vertical line is positioned to the right of the text "thank you", extending from the top of the text to the bottom of the slide.
