

# Rockwood Library makerspace

Made possible by  
gifts to The Library  
Foundation, a  
grant from the  
Mount Hood Cable  
Regulatory  
Commission, and  
Multnomah  
County Library

## Creative Learning in Libraries

# Rockwood- the neighborhood and library branch

## Goals and Outcomes

A space where  
teens can learn,  
experiment, and  
geek out with  
new and exciting  
digital media  
and technology

# Makerspace Programming

From Debbie, parent of Sam:

“We were reading the book, "Who is Steven Spielberg" from MCL. It said at the age of 11 Steven knew he wanted to direct movies for a living. Samuel said I know what I want to be! I want to be a video game programmer. Sam is age 11 too.

That vision is thanks to the library! Not only through all the amazing books we can read. But the classes have put a true spark and passion in him.”
