The Commission is making the following recommendations to the County Chair and Board of County Commissioners concerning vacancies in the commission:

- o The Commission is recommending that Mary DuPain, Lee Po Cha and Cornetta Smith be re-appointed to terms of four years.

At a later date the Commission will be making a recommendation for the position of vice chair, and, as soon as the ordinance passes, will begin the process of interviewing for additional vacancies.

With DuPain's, Cha's and Smith's terms having expired at the end of October the Commission is now at it's mandated minimum of 11 members. Any action you can take to expedite these appointments will be greatly appreciated.

BRIEF SUMMARY (include statement of rationale for action requested, as well as personnel and fiscal/budgetary impacts, if applicable):

The Housing and Community Services Division recommends approval of the contract amendment with the Portland Public Schools District #1, which adds the County-approved cost of living adjustment to the County General Fund infant/toddler and other youth services. The \$4,129 amendment increases the contract from \$181,408 to \$185,537.

MEMORANDUM

TO: Gladys McCoy, County Chair

VIA: Gary Nakao, *Director* *DS*
Department of Social Services

FROM: Norm Monroe, *Director* *NM*
Housing and Community Services Division

DATE: December 18, 1992

SUBJECT: Contract Amendment for Portland Public School District #1

Retroactive Status: The contract amendment with the Portland Public School District #1 is retroactive to July 1, 1992. The amendment adds the County-approved cost of living adjustment, which had been held from the contract per Departmental instructions. The County Budget Office recently released the COLA to be added to the contracts.

Recommendation: The Housing and Community Services Division recommends Board of County Commissioner approval of the attached contract amendment with the Portland Public School District #1, for the period July 1, 1992 through June 30, 1993.

Analysis: The Housing and Community Services Division is adding \$4,129 as a County General Fund cost of living adjustment to the contract with the Portland Public Schools. This increases the contract from \$181,408 to \$185,537. The contract funds infant-toddler centers, preschool screenings, and other student services.

Background: Funds for this contract amendment are included in the Housing and Community Services Division budget.

Date: September 13, 1992
Claim Number: 471-42-8845 HA

We are writing to let you know that you are entitled to monthly disability benefits from Social Security beginning June 1992.

The amount of your first check is \$ 2091.00.

Shortly after September 08, 1992, you will receive your first payment which will include all benefits due you through August 1992. A payment for \$697.00 will be sent on or about October 03, 1992. After that, a payment for \$697.00 will be sent each month.

The following chart shows your benefit amount(s) before any deductions or rounding. The amount you actually receive may differ from your full benefit amount. When we figure how much to pay you, we must deduct certain amounts, such as Medicare premiums and worker's compensation offset. We must also round down to the nearest dollar.

Beginning Date	Benefit Amount	Reason
June 1992	\$ 697.30	Entitlement began

We have determined that you became disabled on December 31, 1991. However, before you can receive benefits, you have to be disabled for 5 full calendar months in a row and continue to meet all of the requirements for disability benefits.

Doctors and other trained staff decided that you are disabled under our rules. But, this decision must be reviewed at least once every 3 years. We will send you a letter before we start the review. Based on that review, your benefits will continue if you are still disabled, but will end if you are no longer disabled.

The benefit described in this letter is the only one you can receive from Social Security. If you think you may qualify for another kind of Social Security benefit in the future, you will have to file another application.

BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON

In the Matter of Contract 15719)
for the Sale of Certain Real Property) ORDER
to) 93-9
WILLIAM D. IRWIN)

It appearing that heretofore Multnomah County acquired the real property hereinafter described through the foreclosure of liens for delinquent taxes and that WILLIAM D. IRWIN is the former owner thereof and has applied to the county to enter into a contract to repurchase said property for the amount of \$13,856.84, which amount is not less than that required by ORS 275.180; and that it is for the best interest of the county that said application be accepted and that said property be sold to said former owner for said amount;

NOW THEREFORE, it is hereby ORDERED that the Chair of the Multnomah County Board of County Commissioners enter into a contract with WILLIAM D. IRWIN for the sale of the following described real property situated in the County of Multnomah, State of Oregon:

KILLINGSWORTH GARDENS
EAST 50' OF LOT 7, BLOCK 3

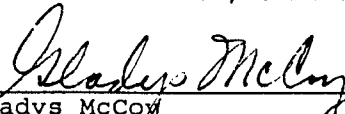

for the sum of \$13,856.84, payable as follows: \$1,385.68 in cash upon the execution of this agreement, and the balance in equal monthly installments of \$134.06 each, over a term of 180 months. Payments to include interest at the rate of 10 percent per annum on the entire unpaid balance of the purchase price accrued at the time of payment of each installment. Each payment to be first applied to interest to the date of payment, the balance to principal. Said contract to contain provisions requiring the purchaser to pay before delinquency all taxes thereafter assessed against said real property and to discharge before delinquency all municipal assessments and liens assessed thereon; to prevent the use of the property for any "prohibited conduct" as that term is defined in 1989 Or Law Ch 791, § 1-14 and 22, or any "nuisance" as defined in ORS 105.555; comply with all laws, ordinances, regulations, directions, rules and other requirements of all governmental authorities applicable to the use or occupancy of the property and prohibit and prevent any act or omission on or about the property that could subject the property of the County's or Purchaser's interest therein to forfeiture or the risk of forfeiture.

Done at Portland, Oregon this 14th day of January, 1993.

RECEIVED
Laurence Kessel, County Counsel
for Multnomah County, Oregon

BOARD OF COUNTY COMMISSIONERS
MULTNOMAH COUNTY, OREGON

Gladys McCoy
Multnomah County Chair

By 
Peter Livingston

THIS AGREEMENT, made this 14th day of January ,1993 by and between MULTNOMAH COUNTY, a political subdivision of the State of Oregon, hereinafter called County, and WILLIAM D. IRWIN hereinafter called Purchaser; the County agrees to sell to Purchaser the property hereinafter described for the price and on the terms and conditions set forth below:

KILLINGSWORTH GARDENS
EAST 50' OF LOT 7, BLOCK 3

A. Purchase Price.

Purchaser agrees to pay the sum of \$13,856.84, to be paid \$1,385.68 in cash upon the execution of this agreement, receipt whereof is hereby acknowledged, and the balance of said purchase price in equal monthly installments of not less than \$134.06 over a term of 180 months. Payment to include interest at the rate of 10 percent per annum on the entire unpaid balance of the purchase price remaining at the time of payment of each installment. Each payment shall first be applied to interest to date of payment; the balance to principal. First of said installments to be paid on March 15, 1993 and a like payment on the 15th of each and every month thereafter until the entire purchase price, both principal and interest, shall have been paid. Purchaser shall have the privilege of prepayment without penalty.

B. Terms and Conditions.

1. In addition to payment of installments hereinabove provided, Purchaser agrees to pay, before delinquency, all taxes lawfully assessed and levied against said property during the life of this agreement and to pay and discharge, before delinquency, all municipal liens and assessments of any kind and nature lawfully assessed against said property.

2. Purchaser will keep all improvements on the property in at least as good condition and repair as they were on the date of possession by Purchaser and shall not permit any waste or removal of all or part of the improvement.

3. Purchaser will not use or permit others to use any of the property for any "prohibited conduct" as that term is defined in 1989 Or Law Ch 791, § 1-14 and 22, or any "nuisance" as defined in ORS 105.555, as those statutes may now or hereafter be amended, supplemented or superseded, or otherwise do or allow any act or omission on or about the property that could subject the property or the County's or Purchaser's interest therein to forfeiture or the risk of forfeiture.

4. Purchaser will promptly comply with and cause all other persons to comply with all laws, ordinances, regulations, directions, rules and other requirements of all governmental authorities applicable to the use or occupancy of the property. In this connection, Purchaser shall promptly make all required repairs, alterations and additions. These include, without limitation, any required alteration of the property because of the purchaser's specific use alterations or repairs necessary to comply with, and all applicable federal, state, local laws, regulations, or ordinances pertaining to air and water quality, hazardous materials as defined herein and other environmental zoning, and other land use statutes, ordinances and regulations.

5. Purchaser will not cause or permit any Hazardous Material to be brought upon, kept, or used in or about the property by Purchaser or Purchaser's agents, employees, contractors, or invitees without the prior written consent of the County, which shall not be unreasonably withheld as long as Purchaser demonstrates to County's reasonable satisfaction that such Hazardous Material is necessary to Purchaser's business and will be used, kept, and stored in a manner that complies with all laws regulating any such Hazardous Materials brought upon or used or kept in or about the property;

6. As used in this Agreement, the term Hazardous Material means any hazardous or toxic substance, material, or waste, including, but not limited to, those substances, materials, and wastes listed in the United States Department of Transportation Hazardous Materials Table (49 CFR § 172.101), or by the United States Environmental Protection Agency as hazardous substances (40 CFR pt 302) and amendments thereto, petroleum products, or other such substances, materials, and wastes that are or become regulated under any applicable local, state, or federal law.

7a. Purchaser will indemnify, defend, and hold harmless the County, its elected officials, officers, and employees from and against any claims, loss or liability of any kind arising out of or related to any activity on the property occurring while Purchaser is entitled to occupy the property under this or any predecessor agreement, whether or not the property is leased to others.

7b. This indemnification of the County by Purchaser includes, without limitation, costs incurred in connection with any investigation of site conditions or any cleanup, remedial, removal, or restoration work required by any federal, state or local governmental agency or political subdivision because of Hazardous Material present in the soil or groundwater or under the property. Without limiting the foregoing, if the presence of any Hazardous Material on property caused or permitted by Purchaser or purchaser's agents or contractors results in any contamination of the property, Purchaser shall promptly take all actions at Purchaser's sole expense as are necessary to return the property to the condition existing prior to the release of any such Hazardous Material onto the property, provided that the County's approval of such action shall first be obtained, and approval shall not be unreasonably withheld, as long as such actions would not potentially have any material adverse long-term or short-term effect on the property. This indemnification by Purchaser includes, without limitation, reimbursement for any diminution in the value of the property and reimbursement for sums paid in settlement of claims, attorney fees, consultant fees, and expert fees. The obligations of paragraph B7a. and B7b. shall survive any termination or cancellation of this agreement for any reason.

8. Purchaser will keep all improvements now existing or which shall hereafter be placed on the property insured against fire and other casualties covered by a standard policy of fire insurance with extended coverage endorsements. The policy shall be written to the full replacement value and loss payable to County and Purchaser as their respective interests may appear, and certificates evidencing the policy shall be delivered to County and shall contain a stipulation providing that coverage will not be canceled or diminished without a minimum of ten days' written notice to the County. In the event of a loss, Purchaser shall give immediate notice to County. County may make proof of loss if Purchaser fails to do so within fifteen days of casualty.

C. Default

Time is the essence of the Agreement; a default shall occur if:

1. Purchaser fails to make any payment within ten days after it is due;
2. Purchaser fails to perform or comply with any condition and does not commence corrective action within ten days after written notice from the County specifying the nature of the default, or, if the default cannot be cured within that time, fails to commence and pursue curative action with reasonable diligence.
3. Purchaser becomes insolvent; a receiver, trustee or custodian is appointed to take possession of all or a substantial part of Purchaser's property or properties; Purchaser makes an assignment for the benefit of creditors or files a voluntary petition in bankruptcy; or Purchaser is subject to an involuntary bankruptcy which is not dismissed within ninety days.

4. Purchaser makes or allows to be made a fraudulent transfer under applicable federal or state law, conceals any of his property from creditors; makes or allows to be made a preference within the meaning of the federal bankruptcy laws; or allows a lien or distraint upon any of his property.

D. Tax Notice

Until a change of address is requested, all tax statements shall be sent to the following address:

6320 NE SIMPSON ST PORTLAND, OR 97218

E. Assignment

This contract cannot be assigned.

F. Conveyance of Title

Upon complete performance by Purchaser of all the terms and conditions of this contract, County agrees to convey to Purchaser the title to the aforesaid property by good and sufficient deed of conveyance.

THIS INSTRUMENT WILL NOT ALLOW USE OF THE PROPERTY DESCRIBED IN THIS INSTRUMENT IN VIOLATION OF APPLICABLE LAND USE LAWS AND REGULATIONS. BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON ACQUIRING FEE TITLE TO THE PROPERTY SHOULD CHECK WITH THE APPROPRIATE CITY OR COUNTY PLANNING DEPARTMENT TO VERIFY APPROVED USES.

IN WITNESS WHEREOF, Purchaser has set his hand the year and day first above written, and County has caused these presents to be executed by the Chair of the Multnomah Board of County Commissioners heretofore entered of record.

STATE OF OREGON)
) ss
COUNTY OF MULTNOMAH)

On this 14th day of January, 1993, before me,
a Notary Public in and for the County of Multnomah and State of
Oregon, personally appeared Gladys McCoy, Chair, Multnomah County
Board of Commissioners, to me personally known, who being duly
sworn did say that the attached instrument was signed and sealed
on behalf of the County by authority of the Multnomah County Board
of Commissioners, and that said instrument is the free act and
deed of said County.

IN TESTIMONY WHEREOF, I have hereunto set my hand and
affixed by official seal the day and year first in this, my
certificate, written.

Deborah L. Bogstad
Notary Public for Oregon
My Commission expires: 6/27/93

(All accompanying documents must have required signatures)

10
Ten years ago, Larry Nicholas took a leave of absence from the City of Denver, Colorado to assist Multnomah County's Department of Enviromental Services on a temporary basis. We are fortunate, Larry stayed and has continued to serve as County Engineer and Director of Transportation for Multnomah County.

Currently, Multnomah County is one of 13 pilot counties in which an Integrated Road Information System (IRIS) is being developed and tested in the State of Oregon. Larry's expertise and leadership has been instrumental in the development of this model system. And recently under Larry's guidance, Multnomah County successfully completed it's largest construction project in years---the restoration of the Hawthorne Bridge. *A NACo Award winning project.*

In addition to County duties, Mr. Nicholas has been active with Oregon Association of County Engineers and Surveyors (OACES) in developing and implementing a Strategic Plan for the organization as well as working on a variety of state and national transportation issues. During the past year, Larry has served as Secretary-Treasurer of OACES and has been recently elected to the position of President-Elect. He also has been actively working with the Oregon/Federal Highway Bridge Replacement Program.

Larry is one of a "handful" of individuals that serve on the National Transportation Steering Committee of the National Association of Counties (NACo). His ability to exercise a leadership role in transportation issues at the national level has been very rewarding and important to both Multnomah County and to Larry personally. Larry, I would like to recognize your excellence and express Multnomah County's deep appreciation. Thank you and may God bless you.

RELEASE: January 8, 1993

RECOGNITION OF COUNTY ENGINEER OF THE YEAR AWARD

On Thursday, January 14, 1993, at 9:30 A.M. in the Multnomah County Board Room, Gladys McCoy will recognize Larry F. Nicholas for the County Engineer of the Year award given to Mr. Nicholas at the Association of Oregon Counties 1992 Annual Meeting in Eugene.

Mr. Nicholas serves as County Engineer and Director of Transportation for Multnomah County. Nicholas has been active with Oregon Association of County Engineers and Surveyors (OACES) on development and implementation of a Strategic Plan for the organization as well as working on a variety of legislative issues at both the state and national level. He also has been active in working with the state/federal Highway Bridge Replacement Program. In addition, Nicholas is one of a "handful" of individuals that serve on the National Transportation Steering Committee of the National Association of Counties (NACO). His ability to exercise a leadership role in transportation at the National level has been very rewarding and provided Nicholas with a genuine sense of accomplishment.

During the past year, Nicholas has served as Secretary-Treasurer of OACES. He was elected to the position of President-Elect in November. Multnomah County is one of 13 pilot counties in which an Integrated Road Information System (IRIS) is being developed and tested. Nicholas has been instrumental in development of this System and it is expected to be available to all 36 counties in 1993.

INTERGOVERNMENTAL AGREEMENT
between the
BOARD OF PAROLE AND POST-PRISON SUPERVISION
and the
MULTNOMAH COUNTY SHERIFF'S OFFICE

Sanction/Intervention Guidelines

This agreement, made and entered into by Board of Parole and Post-Prison Supervision, hereinafter referred to as Board, and Multnomah County, a home rule subdivision of the State of Oregon through the Multnomah County Sheriff's office, hereinafter referred to as the Sheriff's Office, deals with the establishment of jail, Restitution Center, and the Intensive Supervision Program as local sanctions for violation of post-prison supervision. The following provisions shall comprise this agreement.

I. RECITATION

- A. The Board is sanctioned by the State of Oregon to establish conditions of parole and post-prison supervision, review performance, and to consider violations of supervision.
- B. The Sheriff's Office maintains a number of local correctional sanctions under the supervision of the Sheriff.
- C. ORS Chapter 190 provides for intergovernmental cooperative agreements for the performance of functions and activities of either party by the other, in the interest of furthering economy and efficiency in local government, and into that end declares that the provisions of ORS 190.003 to 190.110 shall be literally construed.

II. AUTHORITY

ORS 144.106 provides "the supervisory authority shall use a continuum of administrative sanctions for violations of post-prison supervision." The Board must approve modification of or additions to the conditions of supervision. The Board must approve any other community service work, house arrest, electronic surveillance, restitution centers, work release centers, day centers or other local sanctions established by agreement between the Board and the supervisory authority.

ORS 144.343 provides that the Board may delegate to the hearings officer the authority to order sanctions as provided in ORS 144.106 and to continue a violator on parole or post-prison supervision with the same or modified conditions.

PAGE 2

III. PURPOSE

To establish the terms of agreement between the Board and the Sheriff's Office regarding implementation of Sanction/Intervention Guidelines for parole and post-prison supervision violations.

IV. UNDERSTANDING

It is understood that the Multnomah County Department of Community Corrections will use a continuum of administrative sanctions for post-prison supervision violations. Local jail may be one of these sanctions. Local jail would only be utilized when justified by the individual case and where lesser sanctions would not be sufficient for the violation involved.

It is the understanding of the Sheriff's Office that the utilization of local sanctions, including jail, will not increase the actual use of jail space by persons alleged to have violated their parole or post-prison supervision conditions.

V. AGREEMENT

The Multnomah County Department of Community Corrections, with the approval of the Board, may utilize a continuum of local sanctions, governed by Intervention/Sanction Guidelines, in the supervision of parole and post-prison supervision violators.

The Sheriff's Office agrees to allow the use of local jails as a sanction within the continuum of sanctions available for violations of parole and post-prison supervision. The length of the jail sanction shall not exceed 30 days for each violation incident.

Persons accepted into local jail as a sanction shall be given a matrix score and shall be eligible for population release from custody if necessary, as authorized and required by the Consent Agreement - Jordan v. Multnomah County - U.S. District Court Civil No. 80-841-RE. The Sheriff's Office shall send the Board a copy of the matrix rules and shall notify the Board by teletype of the release of any offender on parole or post-prison supervision who is released due to the population limit.

The Sheriff's Office agrees to consider, on a case by case basis, referrals to the Restitution Center and the Intensive Supervision Program. The violator must be accepted by the program prior to the use of the sanction.

VI. INDEMNIFICATION

Offenders shall be subject to the continuum of intermediate sanctions and services of the Sheriff's Office without charge to the Board.

PAGE 3

The Sheriff's Office shall maintain adequate insurance or self insurance for the protection of offenders and the public in case of injuries occurring while an offender is in the custody of the Sheriff or engaged in community service work or work crew and shall provide documentation evidencing the insurance to the Board.

Subject to the regulations of the Oregon Constitution and Statutes, the Sheriff's Office and Board each shall be solely responsible for any loss or injury caused to third parties arising from its own negligent acts or omissions in the performance of responsibilities under this agreement and each shall defend, hold harmless, and indemnify the other party to this agreement, within the limits of the Oregon Tort Claims Act, with respect to any claim, litigation, or liability arising from its own negligent acts or omissions in the performance of its responsibilities under this agreement.

VII. AGREEMENT TERM AND TERMINATION

This agreement shall be effective from October 1, 1992 through and including June 30, 1993, and is subject to renewal.

This agreement may be terminated prior to the expiration of the agreed upon terms:

- By mutual consent of the parties; or,
- Either party may unilaterally terminate this agreement on one month's written notice.

MEMORANDUM

TO: Gladys McCoy
Multnomah County Chair

VIA: Billi Odegaard, Director
Health Department

FROM: Tom Fronk, Business Services Manager
Health Department *Tom*

DATE: December 28, 1992

SUBJECT: Ratification of Agreement with Oregon Health Sciences University
(University Hospital)

Recommendation: The Health Department recommends County Chair approval and Board ratification of this intergovernmental agreement with Oregon Health Sciences University for the period upon execution, to and including August 31, 1993.

Analysis: This agreement provides for the performance of evidentiary examinations for adult victims of sexual assaults on an emergency basis. The Oregon Health Sciences University will also provide information, training, and technical assistance to various law enforcement agencies within Multnomah County as needed. The examinations are part of the "chain of evidence" necessary for later legal procedures. The hospital will be reimbursed only for persons referred by the county's Victim's Assistance Office or law enforcement agencies approved by the Victim's Assistance Office. The hospital will charge the county \$170 per exam. The Health Department has budgeted \$25,000 for FY 92-93 to pay for rape evidentiary exams.

Background: The District Attorney for Multnomah County's Victim's Assistance Program negotiated with the CARES Program at Emanuel Hospital to provide rape evidentiary exams for victims of sexual assault who are 14 years of age and under. This agreement will provide rape evidentiary exams for adults. The agreement is exempt from the competitive RFP process.

AGREEMENT BETWEEN
UNIVERSITY HOSPITAL
AND
MULTNOMAH COUNTY HEALTH DEPARTMENT
FOR
SEXUAL ASSAULT

This is an agreement between the State of Oregon acting by and through the State Board of Higher Education for and on behalf of University Hospital of the Oregon Health Sciences University ("UNIVERSITY HOSPITAL") and Multnomah County of Oregon, Health Department, located in Portland, Oregon, ("MULTNOMAH COUNTY").

WHEREAS, MULTNOMAH COUNTY wishes to obtain evidentiary examinations for adult victims of sexual assaults occurring in the county; and

WHEREAS, UNIVERSITY HOSPITAL desires to provide to MULTNOMAH COUNTY sexual assault evidentiary exams under the terms and conditions hereinafter set forth;

NOW, THEREFORE, it is agreed between the parties:

I. Hospital will provide:

- A. Evidentiary examinations to adult victims of sexual assaults on an emergency basis as the need arises as described in Appendix "A" attached hereto and by this reference incorporated herein.
- B. Information, training and technical assistance to various law enforcement agencies within MULTNOMAH COUNTY and the District Attorney's office as determined necessary by UNIVERSITY HOSPITAL.

II. MULTNOMAH COUNTY will provide:

- A. MULTNOMAH COUNTY will pay UNIVERSITY HOSPITAL \$170 for each examination performed under this agreement.

III. COMPENSATION WILL BE AS FOLLOWS:

- A. UNIVERSITY HOSPITAL will bill MULTNOMAH COUNTY for examinations performed on a monthly basis. Monthly invoices will be sent to:

Health Department
Fiscal Services
P.O. Box 400046
Portland, OR 97240

- B. MULTNOMAH COUNTY will pay UNIVERSITY HOSPITAL within 30 days following receipt of invoice.

IV.

GENERAL PROVISIONS

1. Confidentiality.

MULTNOMAH and UNIVERSITY HOSPITAL will maintain confidentiality of information and records in accordance with State and Federal laws and regulations.

2. Notices.

Any notice under this agreement shall be deemed given when delivered or mailed postage prepaid as follows:

MULTNOMAH COUNTY:

Tom Fronk, Business Services Manager
Multnomah County, Health Department
426 SW Stark, 2nd Floor
Portland, Oregon 97201

UNIVERSITY HOSPITAL:

Timothy M. Goldfarb, Hospital Director
University Hospital
Oregon Health Sciences University
3181 SW Sam Jackson Park Road
Portland, OR 97201

3. Amendments.

This Agreement may be amended by either party with concurrence of the other. Amendments must be in writing and signed by both UNIVERSITY HOSPITAL and MULTNOMAH COUNTY.

4. Indemnification.

A. To the extent permitted by Oregon Law (ORS 30.260 through 30.300), and the Oregon Constitution, Article XI, Section 7, UNIVERSITY HOSPITAL shall hold and save harmless MULTNOMAH COUNTY, its officers, agents, and employees from damages arising out of the tortious acts of UNIVERSITY HOSPITAL, or its officers, agents, and employees acting within the scope of their employment and duties in performance of this Agreement.

B. MULTNOMAH COUNTY shall hold and save harmless UNIVERSITY HOSPITAL, its officers, agents, and employees from damages arising from the tortious acts of MULTNOMAH COUNTY or its subcontractors, officers, agents, or employees acting within the scope of their employment and duties in performance of this agreement.

5. Term of Agreement.

A. This Agreement shall be effective upon execution and shall continue through August 31, 1993.

B. This Agreement may be extended for two additional one year periods beginning September 1, 1993.

6. Termination. Either party may terminate this Agreement upon delivery of 30 days written notice to the other party.

7. MERGER This Contract constitutes the entire agreement between the parties. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this contract. No amendment, consent, or waiver of terms of this contract shall bind either party unless in writing and signed by all parties. Any such amendment, consent, or waiver shall be effective only in the specific instance and for the specific purpose given. The parties, by the signature hereto of its authorized representative, acknowledges having read and understood this contract and the parties agree to be bound by its terms and conditions.

MEDICAL REPORT-SEXUAL ASSAULT

I understand that a separate medical examination for evidence of sexual assault at public expense can, with my consent, be conducted by a medical professional to discover and preserve evidence of the assault. If conducted, the report of the examination and any evidence obtained will be released to law enforcement authorities. I understand that the examination may include the collection of reference specimens at the time of the examination or at a later date. Knowing this, I consent to a medical examination for evidence of sexual assault. I understand that I may withdraw consent at any time for any portion of the examination.

Per ORS 147.375, I request a medical examination and collection of evidence for suspected sexual offense of the patient at no cost to the victim.

BUDGET MODIFICATION NO. MCHD 14

(For Clerk's Use) Meeting Date:

Agenda No.: R-4

1. REQUEST FOR PLACEMENT ON THE AGENDA FOR _____

DEPARTMENT Health
CONTACT Tom FronkDIVISION Corrections Health
TELEPHONE ext. 3674NAME OF PERSON MAKING PRESENTATION TO BOARD Billi Odegaard

SUGGESTED AGENDA TITLE (To assist in preparing a description for the printed agenda:

Budget Modification MCHD 14 transfers \$19,500 from Personnel to Other Improvements to install the Inverness X-ray unit.

(ESTIMATED TIME NEEDED ON THE AGENDA 5 min.)

2. DESCRIPTION OF MODIFICATION

☒ PERSONNEL CHANGES ON ATTACHED PAGE

The Health Department has mistakenly under estimated the cost of installing the X-ray unit at the Inverness Jail by \$19,500. This additional cost results from needing to improve the power supply and provide lead shielding in the area the machine is to be installed.

This budget modification transfers \$19,500 from Personnel to Other Improvements. A vacant nursing position will be held open for four months to generate the savings.

3. REVENUE IMPACT (Explain revenues being changed and the reason):

None.

4. CONTINGENCY STATUS No change.

Multnomah County Chair

VIA: Bill Odegaard, Director
Health Department

FROM: Thomas Fronk
Health Department

DATE: December 18, 1992

SUBJECT: Recommendation to Approve a Modification to the
Health Department Budget

RECOMMENDATION: That the Board of County Commissioners consider and approve budget modification MCHD 14, transferring \$19,500 from Personnel to Other Improvements within the Inverness Corrections Health Budget.

ANALYSIS AND BACKGROUND: The Health Department has ordered an X-ray machine for the Inverness Jail, to counter the high costs of exams for persons suspected of carrying TB (Technical Amendment MCHD 5).

The Department has learned that the unit can not be installed without major structural improvements at the Jail. Specifically, the power supply must be improved and lead shielding must be installed. Building management estimates that this project will cost \$19,500.

This budget modification transfers funds from Personnel to Other Improvements. Specifically, a vacant nursing position will be held open for an additional four months.

1. REQUEST FOR PLACEMENT ON THE AGENDA FOR _____

DEPARTMENT Health
CONTACT Tom FronkDIVISION HIV Program
TELEPHONE ext. 3674NAME OF PERSON MAKING PRESENTATION TO BOARD Billi Odegaard

SUGGESTED AGENDA TITLE (To assist in preparing a description for the printed agenda:

Budget Modification MCHD 15 recognizes the receipt of a grant from CSAT for the prevention of AIDS in substance abusers.

(ESTIMATED TIME NEEDED ON THE AGENDA 5 min.)

2. DESCRIPTION OF MODIFICATION

☒ PERSONNEL CHANGES ON ATTACHED PAGE

The Health Department in June applied to the Center for Substance Abuse Treatment (CSAT) for a grant to prevent AIDS in homeless injection users and their sex partners. This application was made on behalf of the State Mental Health Division, Alcohol and Drug Program. The State has been awarded the grant. They now wish to pass the funds through to the County to perform the services.

The grant targets outreach and education services to this population, with an emphasis on Hispanics, in an effort to reduce HIV risk by behavioral change. Funding is provided for outreach workers, interviewers, clerical support, and a program coordinator. The State will perform the evaluation component.

CSAT has awarded this project \$324,325 in the first full grant year. This modification, assuming a January 1 start, increases appropriations by \$188,606. The grant fully pays Indirect Costs. An existing HIV Field nursing position is budgeted as local support; however, no hard match is required.

3. REVENUE IMPACT (Explain revenues being changed and the reason):

Increase State Mental Health by \$188,606.

4. CONTINGENCY STATUS Increases General Fund contingency by \$1,546.

MEMORANDUM

TO: Gladys McCoy
Multnomah County Chair

VIA: *Bill* Bill Odegaard, Director
Health Department

FROM: Thomas Fronk *Tom*
Health Department

DATE: December 22, 1992

SUBJECT: Recommendation to Approve a Modification to the
Health Department Budget

RECOMMENDATION: That the Board of County Commissioners consider and approve budget modification MCHD 15, increasing appropriations to reflect the receipt of an AIDS prevention grant from the Center for Substance Abuse Treatment (CSAT) via the State of Oregon.

ANALYSIS AND BACKGROUND: The Health Department submitted with the State Alcohol and Drug program in June a cooperative application to CSAT for an AIDS prevention grant. The State has been awarded this grant, and now wishes to pass the funding through to the Health Department for service delivery.

The project as funded targets homeless injection drug users (IDU's) and their sex partners. It will provide outreach and education services designed to change behaviors to reduce HIV risk. It will use indigenous workers to access clients, and will provide outcome evaluation to determine the most effective intervention methodologies.

Funding in the first full grant year is \$324,325. The project includes outreach workers, interviewers, and evaluation by the State. The grant is for three years, and fully supports overhead costs.

TO: Board of County Commissioners

FROM: Betsy Williams, Director of Environmental Services *Betsy Williams (KS)*

DATE: January 7, 1993

SUBJECT: Adoption of the 1992-96 Transportation Capital Improvement Plan

The Multnomah County Transportation Division has developed the 1992-96 Transportation Capital Improvement Plan (CIP) as an objective method of ranking the most critical road projects over a five year period. The five-year CIP is revised biannually to reflect changing conditions and priorities.

Projects are categorized by type of facility (arterial streets, signals or sidewalks) and described per existing and future characteristics. Projects are ranked based on objective criteria and prioritized based on greatest number of points assigned. Those projects earning the highest number of points are given priority funding in the annual road fund capital budget, which is presented during the normal budget cycle.

This year in an effort to expand citizen participation in the CIP process, seven public meetings were held around the county. Several meetings were held jointly with the five cities. In addition, the draft CIP was reviewed by each of the five cities and distributed to the East Multnomah County Transportation Committee.

The attached resolution adopts the CIP as the guiding policy for Multnomah County priority road projects over the next two fiscal years.

FOR MULTNOMAH COUNTY

Recommending Approval of the Multnomah)
County 1992-96 Transportation Capital)
Improvement Plan)

R E S O L U T I O N

93-11

WHEREAS, the Board of County Commissioners recognizes the need for a safe and efficient street system that satisfies travel needs of the county residents and the region; and

WHEREAS, the Multnomah County 1992-96 Transportation Capital Improvement Plan is consistent with Comprehensive Framework Plan Policy 32: Capital Improvements; and

WHEREAS, the Multnomah County Transportation Division has instituted a capital improvement plan and program process following the strategy established in the Multnomah County Comprehensive Framework Plan for Capital Improvements and Trafficways; and

WHEREAS, the Capital Improvement Plan process includes updating on a biennial cycle such that review of the previous 1990-94 Capital Improvement Plan is timely; and

WHEREAS, County residents, affected neighborhood groups, and local governments were involved in the identification of needed transportation improvements; and

WHEREAS, the Capital Improvement Plan process ensures that transportation improvements having the greatest need will be constructed first; and

WHEREAS, the Multnomah County Transportation Capital Improvement Plan will ensure the development of safe and efficient public use of the county road system;

NOW, THEREFORE BE IT RESOLVED, that the Board of County Commissioners of Multnomah County approve the Multnomah County 1992-96 Transportation Capital Improvement Plan for the purpose of guiding the investment of the County's capital resource for road and road related purposes over the next five year period.

Adopted this 14th day of January, 1993.

INTRODUCTION

Multnomah County 1992-1996 Transportation Capital Improvement Plan

Multnomah County Transportation Division has instituted a capital improvement planning process consistent with guidelines established in the County Comprehensive Framework Plan: Trafficways Policy #32 regarding capital funding of County road projects. The Capital Improvement Plan establishes a priority list of road and road-related improvements deemed necessary to enhance and maintain the County road system. The goal of the Plan is to:

"Promote and enhance a balanced transportation system that encourages economic development, increases public safety, allows for efficient transportation movement, and protects the quality of neighborhoods and communities through the best possible use of available funds."

The Capital Improvement Plan (CIP) inventories the extent of future capital costs, and precedes the Capital Improvement Program which allocates revenue by priority of need. The Capital Improvement Plan uses objective criteria to evaluate and give priority to road projects from the array of potential road projects. The Capital Improvement Program implements the Plan by assigning available revenues to the highest ranked projects. The Capital Improvement Program will be prepared following plan approval.

Project Identification

Transportation Division used several means of identifying capital improvement projects. Internal sources of information include: (1) high accident locations, (2) the pavement management program, and (3) the Master Transportation Plan. These sources identify road segments, intersections, and structures on the County road system that are hazardous or congested, or in need of reconstruction.

The following external sources were also consulted to identify potential projects:

- Input from concerned citizens, neighborhood and community associations was heard at seven public meetings.
- One of these public meetings was held jointly with the cities of Fairview, Gresham, Troutdale and Wood Village.
- Four public meetings were held jointly with the City of Gresham.
- Three meetings were held in rural areas of Multnomah County.
- Each city in the county was asked to consider and identify potential projects in county road rights-of-way.

Other sources of information included:

The 1990-94 Capital Improvement Plan and Program;
The county report of 1992-93 Engineering Projects;
The Functional Classification of Trafficways; and
Multnomah County Master Road List.

In addition, project questionnaires were made available to the public, and those neighborhood and community groups who are served by the County road system.

Project Evaluation Methodology

Each potential project was evaluated and prioritized using the Candidate Project Evaluation Framework. The framework uses ten different evaluation criteria utilizing 45 pieces of information for each candidate project. The criteria includes existing roadway conditions, level of traffic service, and safety. Appendix I displays the Candidate Project Evaluation Framework. Appendix II identifies types of data collected for each project.

Projects are ranked and prioritized using a point system. The scoring system uses base points plus bonus points. For example, if a candidate project meets either an immediate or short term need, it will be designated respectively Priority 1 or Priority 2, with base points assigned to the project. A project that deals with a long term need will be classified Priority 3 and assigned a base score of zero.

After base points have been assigned for each project, bonus points are awarded when certain conditions exist (transit route, bike route, etc.) Bonus points are used to rank projects within each priority.

Projects designated Priority 1 have the most immediate need. Priority 1 projects require attention within the first two years of the five year capital program. Priority 2 projects are also necessary but require no immediate resolution. Resources remaining after completing Priority 1 projects will be allocated towards Priority 2 projects for construction during the program period, generally in years 3-5. Priority 3 projects have no immediate need but will be re-evaluated after Priority 1 and Priority 2 projects have been constructed.

Project Report

The Capital Improvement Projects List includes all potential projects in rank order within their project category (arterial streets, collector streets, local streets, bridges, signals and sidewalks). Total points assigned, project descriptions, and cost estimates are displayed for each project.

This comprehensive list of future projects is the result of the Capital Improvement Plan process. The Plan will be reviewed and approved by decision-makers, and used by the Transportation Division in the preparation of the Capital Improvement Program, and the annual Transportation Division budget.

The CIP Update Process

The Multnomah County CIP process is a continuous and open process, allowing citizen input annually. The County road system is dynamic, changing in response to land use decisions and infrastructure life cycles. Consequently, the Capital Improvement Plan and Program must be reconsidered and revised on a regular basis.

The Capital Improvement Plan will be reviewed by staff on an annual basis. A full update process involving all interested parties will be scheduled every two years. The annual review and the biannual updates ensure that limited resources for capital projects will be efficiently allocated to the most critical capital needs. (Appendix IV illustrates the CIP process.)

PROJECT REPORT

REPORT FORMAT

The Capital Improvement Projects Report organizes potential future capital improvement projects by category: Arterial, Collector, Local, Bridge, Signal and Sidewalks, and by priority: 1, 2, and 3. Projects are organized within each category by priority and displayed in descending order of points assigned (base plus bonus points).

Information is displayed to describe each project and to rank projects by relative importance. Project descriptors include the following:

MULTNOMAH COUNTY OREGON		CAPITAL IMPROVEMENT PROJECTS				TRANSPORTATION DIVISION					
		ENVIRONMENTAL SERVICES									

CATEGORY: ARTERIAL		PRIORITY: 1		Existing			New			TOTAL COST	
PROJECT NAME		MAP NUMBER		LANES	SIGNS	LIGHTS	LANES	SIGNS	LIGHTS	ROW COST	
TOTAL	FROM	PROJECT SOURCE	PRIM JURIS	ROW W	SIGNAL	STRPNG	ROW W	SIGNAL	STRPNG	CONST COST	
PTS	TO	PRIM ST CLASSIF	LOCAL JUR1	PVT W	SIDEWK	TRNLN	PVT W	SIDEWK	TRNLN	MULT	SHARE
		2NDY ST CLASSIF	LOCAL JUR2	DRAIN	BIKE	INTIMP	DRAIN	BIKE	INTIMP	FED'L	SHARE

Category - All projects are categorized into one of six types of projects: Arterial Street, Collector Street, Local Street, Bridges, Signals, and Sidewalks.

Priority - There are three priorities of projects. Priority 1 projects should be constructed within the first two years of the five year program period. Priority 2 projects should be constructed between the third and the fifth years of the five year program period. Priority 3 projects can be deferred beyond the current five year program period.

Project Name - The name of the project is taken from the street segment or intersection location proposed for construction or reconstruction.

Total Points - The sum total of base points plus bonus points awarded to each project. The "Total Points" score establishes the projects rank order within each category. Projects with the highest point total have the greatest need.

From - To (Street Names) - The termini are identified for each road segment project. For intersection projects, 200 feet of each leg of the intersection is the assumed project boundary.

Map Number - A 3-digit number was assigned to each project. Refer to the CIP map for the location of each project which is referenced by a map number.

Project Source - The source of information which initially identified the need for the project.

Primary Street Classification - The highest classified street segment (Arterial, Collector, Local) within the project limits.

Secondary Street Classification - The second highest classified street segment within the project limits.

Primary Jurisdiction - Identifies the jurisdiction(s) having responsibility for project implementation.

Local Jurisdiction 1 - Identifies the City within which the majority of the project is located, if other than unincorporated Multnomah County.

Local Jurisdiction 2 - Identifies other local jurisdictions within which part of the project is located.

Existing Lanes/New Lanes - Indicates the current and standard number of travel and turning lanes for the road segment or intersection leg.

Existing Right-of-Way/New Right-of-Way - Indicates the current and standard width of County road or right-of-way, in feet for the road segment or intersection leg.

Existing Pavement/New Pavement - Indicates the current and standard pavement width in feet from curb-to-curb or road-edge to road-edge.

Existing Drainage/New Drainage - Indicates current and proposed storm sewer, facilities ditches, sumps, or culvert types of storm water drainage facilities.

Existing Signs/New Sign(s) - Indicates proposed replacement signs or additional new signs.

Existing Signal/New Signal - A traffic signal exists or a new signal is proposed as part of the project, either a signal upgrade or the installation of a signal at a new location.

Existing Sidewalk/New Sidewalk - Indicates sidewalks currently exist or a new or replacement sidewalk will be constructed.

Existing Bikeway/New Bikeway - Indicates either a bike route or bike lanes exist or a bikeway will be installed as part of the project.

Existing Lights/New Lights - Indicates street lighting exists, or new or replacement street lighting will be installed.

Existing Striping/New Striping - Indicates striping exists, or new or replacement striping will be installed.

Existing Turn Lane/New Turn Lane - Indicates turning lanes exist, or new or replacement turn lanes will be installed.

Existing/New Intersection Improvement - Indicates modification to an existing intersection such as realignment, adding turn lanes, upgrading signals, or widening pavement.

Total Cost - The sum of estimated Right-of-Way and Construction Costs.

Right-of-Way Cost - The estimated cost for the purchase of required additional right-of-way.

Construction Cost - The sum of estimated project construction costs.

Multnomah County Share - Committed or potential revenue from County revenue sources.

Federal Share - Committed or potential revenue derived from Federal and/or State government revenue sources.

APPENDICES

APPENDIX I
1992-96 CAPITAL IMPROVEMENT PLAN
PROJECT EVALUATION FRAMEWORK

PROJECT PRIORITIZATION

Priority 1 Projects (Immediate Need)

1. The facility requires reconstruction within the first two years of the planning period; or,
2. The street or intersection operates at a level of service E or F; or,
3. A hazardous condition exists which results in a high accident rate; or,
4. Substantial increases of traffic are anticipated within the first two years of the planning period that would result in a substandard level of service of E or F; or,
5. Construction of a new arterial or collector street would logically develop the street system and is needed to serve an area that will develop within the first two years of the planning period; or,
6. Projects have outside funding committed.

Priority 2 Projects (Intermediate Need)

1. The facility requires reconstruction between the third and the fifth years of the planning period; or,
2. A hazardous condition currently exists; or,
3. Substantial increases in traffic are anticipated between the third and the fifth years of the planning period that would result in a substandard level of service of E or F; or,
4. Construction of a new arterial or collector street would logically develop the street system and is needed to serve an area that will develop between the third and the fifth years of the planning period.

Priority 3 Projects (No Immediate Need)

1. An acceptable level of service exists of A through D; and
2. No reconstruction is needed within the five year planning period;
and
3. No hazardous condition currently exists; and
4. No traffic increases are anticipated within the five year planning period that would result in a level of service below D; or,
5. The facility currently meets County street standards.

APPENDIX II
1992-96 CAPITAL IMPROVEMENT PLAN

PROJECT BACKGROUND DATA

Data Describing Proposed Projects

Reconstruction of the facility is required
Installation or upgrading of traffic signals
Sign upgrading
Stripe upgrading
Widen Pavement
Installation of turn lanes
Intersection improvements
Provide drainage facilities
Provide sidewalks
Provide bikeways
Provide lighting
Provide additional right-of-way width
Provide additional pavement width
Provide additional travel lanes
Project source (Who identified the project.)
Estimated project cost
Federal funding source
Federal share of funding
County share of funding
Jurisdiction
Map number

Data Describing Existing Conditions

Existing right-of-way width
Existing pavement width
Existing number of lanes
Existing sidewalks
Existing bikeways
Existing street lighting
Existing drainage facilities

Street Classifications

As designated on the County Functional Classification of Trafficways Map.

Current Peak Hour Daily Traffic Volume

Current traffic counts were provided by the Multnomah County Traffic Engineering Section.

Projected Two and Five Year Peak Hour Traffic Volumes

Metropolitan Service District (MSD) forecasts and traffic studies were used to project traffic volumes over the program period.

Existing Peak Hour Road Capacity

Two sources were used to determine the design capacity for street segments and intersections: Gresham/East County Traffic Impact Fee Study, 1992 and County traffic studies. Where capacity information was not available, estimates were made by Transportation Division staff.

Levels of Service

Levels of service were calculated by Transportation Division staff or provided by the Gresham/East County Traffic Impact Fee Study.

Number of Accidents

The total number of accidents for the previous three year period (1989-91) were compiled from Oregon Dept. of Transportation reports.

Hazardous Locations

Project locations were investigated to determine if hazardous conditions exist.

Transit Relationship

Existing and future bus routes, light rail transit routes, and street access to Max park-and-ride lots were identified in conjunction with Tri-Met.

Land Use

Land use designations were gathered from local zoning maps and comprehensive plan maps.

Bicycle/Pedestrian Facilities

The Multnomah County Bicycle Master Plan and local comprehensive plans were used to identify bikeways and pedestrian facilities.

Reconstruction Needs

The Multnomah County Pavement Management Program was used to identify road segments that will require reconstruction within the program period.

Traffic engineering staff identified traffic signal equipment needing to be replaced or upgraded.

Project Length

The length of each project (in feet) was derived from the Multnomah County Master Road List report.

Economic Development Relationship

Local jurisdictions and Multnomah County planning staff determined the scale of development anticipated for large vacant parcels within their jurisdiction. Parcels were classified using the following typology:

- Regional Scale Industrial
- Large Industrial Areas (100 acres and above)
- Other Industrial
- Regional Retail Centers (such as Portland CBD, Lloyd Center, Mall 205)
- Major Retail Center (Dept. of Commerce definition)
- Clustered Commercial (as noted by land use plans)
- Regional Community Service & Office (Major hospitals, community colleges,
large scale government facilities)
- Major Community Service & Office (Hospitals, community college branches,
medium scale government facilities)

Outside Funding Potential

Projects listed in the ODOT Six Year Program the Metropolitan Service District Transportation Improvement Plan were identified as having outside funding potential.

Environmental Impact

Projects which would require additional right-of-way, noise mitigation or building demolition were identified by Multnomah County Transportation Division staff.

Community Support

Projects listed in local comprehensive plans, the Regional Transportation Plan or community plans were identified by Multnomah County and local jurisdiction planning staffs. Written requests were submitted by various neighborhood groups and community associations.

MEMORANDUM

TO: Board of County Commissioners

FROM: Betsy Williams
Director, D.E.S.

Larry F. Nicholas, P. E. *lfn*
County Engineer/Director Transportation

DATE: January 15, 1993

SUBJECT: Transportation Improvement Plan - Summary Cost Estimates

BOARD OF
COUNTY COMMISSIONERS
1993 JAN 25 AM 8:30
MULTNOMAH COUNTY
OREGON

Enclosed are summary cost estimates itemized by category and priority, from the 1992-96 Transportation Capital Plan, as requested at the Board Agenda review of January 12, 1993. The Plan is long range in perspective. Estimates represent the cost to complete the county road system, as foreseen in 1992, per county road standards.

The highest priority Transportation projects will be budgeted for construction within the next five years, in the forthcoming Capital Improvement Program.

The total Transportation CIP cost represents the total liability of improving the county road system, excluding Willamette River Bridges. Capital needs of the Willamette River Bridges are assessed and budgeted separately in the Willamette River Bridge CIP.

RECEIVED

DEC 29 1992

COUNTY CLERK FOR
MULTNOMAH COUNTY, OR

TO: Gladys McCoy, Chair County Commission
FROM: Julie Weatherby *ju*
DATE: December 21, 1992
RE: Retroactive Approval - Salmon Festival IGAs

We are requesting retroactive approval of the Intergovernmental Agreements with Mt. Hood National Forest and Metro for the 1992 Salmon Festival.

Due to the close timing of the festival and the receipt of the Forest Service agreement just days before the event, Paul Yarborough gave his approval for Charles Ciecko to sign the agreement on Multnomah County's behalf. The presentation of the Mt. Hood National Forest agreement to the Board for formal adoption was delayed in order to bring the Metro agreement with it. The Metro agreement wasn't received until mid-December.

The purpose of these sponsorships is to help offset Salmon festival costs, which enable us to continue providing a quality event as the festival grows.

PARTICIPATING AGREEMENT

between

Multnomah County Parks Services Division

and

Mt. Hood National Forest

THIS PARTICIPATING AGREEMENT, is made and entered into by and between the Multnomah County Parks Services Division, hereinafter referred to as MCPSD, and the Mt. Hood National Forest, U. S. Department of Agriculture, Forest Service, hereinafter referred to as the Forest Service, under provisions of the Interior and Related Agencies Act, P.L. 94-148.

WITNESSETH:

WHEREAS, the Forest Service manages National Forest lands which include abundant recreation opportunities and provides substantial habitat for salmon species in the Pacific Northwest, and,

WHEREAS, the Forest Service desires to provide environmental education opportunities regarding recreation, salmon life histories, and habitat requirements, and,

WHEREAS, the MCPSD promotes identical environmental education opportunities at its annual Salmon Festival at Oxbow Park on the Sandy River, the headwaters of which are located on Mt. Hood National Forest, and,

WHEREAS, it is mutually beneficial for the MCPSD, the Forest Service, and other partners, including Portland General Electric, Portland Audubon Society, and Oregon Trout, to work cooperatively to make these opportunities available to the public, and,

WHEREAS, the MCPSD and the Mt. Hood National Forest are willing to work cooperatively in this endeavor.

NOW, THEREFORE, in consideration of the above premises, the parties hereto agree as follows:

A. The MCPSD shall:

1. Coordinate and manage all elements of the two-day Salmon Festival at Oxbow Park; providing personnel, equipment supplies, promotions, and on-site logistics as displayed in the attached financial project plan (see EXHIBIT A).

2. Bill the Forest Service upon completion of the project for share costs as agreed upon in the financial project plan. Billings shall consist of a statement or SF-270 and itemized receipts submitted to:

Forest Supervisor
Mt Hood National Forest
2955 NW Division
Gresham, Oregon 97030

The Forest Service shall remit to Oregon Trout, which is the bookkeeping entity for this event.

3. List the Forest Service as a contributor in printed materials promoting the Salmon Festival.
4. Provide an opportunity for on-site signage in designated areas.
5. Assume all responsibility and liability for any damage incurred to materials, equipment, or injury to non-Forest Service personnel.
6. Give the USDA Forest Service or the Comptroller General, through any authorized representative, access to and the right to examine all record and books, papers or document related to the award.

B. THE FOREST SERVICE SHALL:

1. Reimburse the MCPSD the agreed upon cost as provided in the attached financial project plan (see EXHIBIT A).
2. Participate in the Festival, providing education and information regarding fishery and watershed management activities on National Forest lands as relates to salmon. This will occur in the Forest Service booth, and while participating as Salmon Walk leaders and Old Growth walk leaders.
3. Participate in Salmon Festival Committee Meetings, to the extent possible.

C. IT IS MUTUALLY AGREED AND UNDERSTOOD BY AND BETWEEN THE SAID PARTIES THAT:

1. The work under this agreement shall be completed no later than October 15, 1992.
2. The Forest Service, or the MCPSD, in writing, may terminate the agreement in whole, or in part, at any time before the date of expiration, whenever it is determined that the other party(s) has materially failed to comply with the conditions of this agreement. The other parties shall not incur any new obligations for the terminated portion of the agreement after the effective date, and shall cancel as many obligations as possible. Full credit shall be allowed for the Forest Service share of the obligations incurred to the effective date and all noncancellable obligations properly incurred by the cooperating party(s) prior to termination.
3. This agreement may be revised as necessary by mutual consent of both parties, by the issuance of a written amendment, signed and dated by both parties.

4. Any monies that are payable from the United States under this agreement to any person or legal entity not an agency or subdivision of a State or local government may be subject to administrative offset for the collection of any debt the person or legal entity owes to the United States. Information on the person's or legal entity's responsibility for a commercial debt owed the United States shall be disclosed to consumer or commercial credit reporting agencies.
5. The cooperator shall comply with Title VI of the Civil Rights Act of 1964, that no person in the United States shall, on the ground of race, color, handicap or national origin, be excluded from participation, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the recipient receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement.
6. This agreement in no way restricts the Forest Service from participating with other public or private agencies, organizations, and individuals or from accepting contributions and/or gifts for the improvement, development, administration, operation, and preservation of this or any other project.
7. No member of, or Delegate to Congress, shall be admitted to any share or part of this agreement, or any benefits that may arise therefrom; but this provision shall not be construed to extend to this agreement if made with a corporation for its general benefit.
8. Nothing herein shall be considered as obligating the Forest Service to expend or as involving the United States in any contract or other obligations for the future payment of money in excess of appropriations authorized by law and administratively allocated for this work.

The parties hereto have executed this agreement as of the last date written below.

INTERGOVERNMENTAL COOPERATIVE AGREEMENT

This Agreement, dated this ____ day of October, 1992 is by and between the Metropolitan Service District (hereinafter referred to as "Metro"), and Multnomah County Parks Services Division (hereinafter referred to as Multnomah County); and provides for coordination of the annual Salmon Festival.

WITNESSETH;

WHEREAS, Multnomah County is presenting the 9th Annual Salmon Festival at Oxbow Park on October 10 and 11, 1992 from 10:00 a.m. to 5:00 p.m.; and

WHEREAS, Metro desires to be a participant and a sponsor of this event; and

WHEREAS, Metro will be providing funding through a grant from U.S. Fish and Wildlife Services; now, therefore,

IN CONSIDERATION of those mutual interests and based upon the terms and conditions contained herein, the parties agree as follows:

1. DURATION: This agreement shall be effective from the date of its approval by both parties to the Agreement and shall remain in effect until terminated by a final report prepared by the Project Manager.

2. SCOPE OF WORK:

a. MULTNOMAH COUNTY SHALL:

- (1.) Plan and coordinate the 9th Annual Salmon Festival to be held at Oxbow Park on October 10 and 11, 1992. This will include identification of participating agencies and coordinating volunteers, planning, preparation and implementation of the Salmon Festival.
- (2.) Coordinate collection of funds from participating jurisdictions and agencies to pay for Salmon Festival expenses.
- (3.) Arrange for participation of Metro staff in development of festival content and activities.
- (4.) Print a credit line in the festival brochure identifying Metro and the U.S. Fish and Wildlife Services as sponsors of the festival.

- (5.) Provide Metro with at least 100 copies of the festival brochure and 25 copies of the festival poster.

b. METRO SHALL:

- (1.) Participate in the planning and implementation of the festival.
- (2.) Provide payment, not to exceed Two Thousand Five Hundred and Dollars (\$2,500.00) upon execution of this agreement.

3. **AUTHORITY & RESOURCES:** Both parties certify that they have the authority to execute this agreement and sufficient funds, forces, and other resources available and authorized to finance and accomplish the tasks outlined hereinabove.

4. **PROJECT MANAGERS:**

- a. The Multnomah County Project Manager shall be Charles Ciecko or other such person as shall be designated in writing by Charles Ciecko. The Multnomah County Project Manager is authorized to carry out the actions referred to herein.
- b. The Metro Project Manager shall be Patrick Lee or other such person as shall be designated in writing by Metro. The Metro Project Manager is authorized to carry out the actions referred to herein.

5. **LIABILITY AND INDEMNIFICATION:** Both parties shall indemnify the other for, and hold each harmless from, all claims arising out of its negligence or intentional misconduct or that of its officers, employees, or agents. It shall be liable to the other for any damage to the other's property or injury to the other's officers, employees or agents caused by its negligence or intentional misconduct subject to the limits of the Oregon Tort Claims Act and the Oregon Constitution.

Both parties shall hold the other harmless and indemnify for any and all liability settlements, losses, costs and expenses in connection with any action, suit or claim resulting from its negligent errors, omissions or acts performed pursuant to this Agreement subject to the limits of the Oregon Tort Claims Act and the Oregon Constitution.

6. **WORKERS' COMPENSATION:** Both parties and all employers working under this Agreement are subject employers under the Oregon Workers' Compensation Law and shall comply with ORS 656.017, which requires Workers' Compensation coverage for all subject workers.
7. **MAINTENANCE OF RECORDS:** All records relating to the Scope of Work shall be maintained on a generally recognized accounting basis and Metro shall have the opportunity to inspect and/or copy such records at a convenient place during normal

business hours. All required records shall be maintained for at least three years after project completion.

8. **PUBLIC DOCUMENTS:** All records, reports, data, documents, systems and concepts, whether in the form of writings, figures, graphs or models that are prepared or developed in connection with this project shall become public property.
9. **PROJECT INFORMATION:** Both parties shall share all project information and fully cooperate with one another on all aspects of the project including actual or potential problems or defects. All project news shall be issued jointly or with the other's consent.
10. **TERMINATION FOR DEFAULT:** Multnomah County shall be deemed to be in default if it fails to comply with any provisions of this Agreement or if its progress in performance of its obligations is so unsatisfactory that continuation of the project created by this Agreement is seriously impaired. Prior to termination under this provision, Metro shall provide written notice of default and allow thirty (30) days within which to cure the defect. In the event the defect is not cured within that period, Metro may terminate all or any part of this Agreement.

It shall be liable to Metro for all reasonable costs and damages incurred by Metro as a result of a termination for default.

If, after notice of termination, the parties agree or a court finds that it was not in default or the circumstances were beyond its control, Metro may allow the work to continue or treat the incident as a termination for convenience, in which case the rights of the parties shall be the same as if the termination had been for Metro's convenience.

11. **TERMINATION OF CONVENIENCE:** Metro may terminate all or part of this contract upon determining that termination is in the public interest. Termination under this paragraph shall be effective upon delivery of the written notice of termination.
12. **NONDISCRIMINATION:** During the term of this Agreement, both parties shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age or national origin.
13. **ADHERENCE TO LAW:** Both parties shall comply with all applicable provisions of ORS Chapters 187 and 279, and all other terms and conditions required to be included in public contracts including but not limited to all federal and state civil rights and rehabilitation states, rules and regulations are hereby included and incorporated by reference.
14. **LITIGATION:** In the event of any litigation concerning this Agreement, the prevailing party shall be entitled to reasonable attorney's fees and court costs, including fees and costs on appeal to an appellate court.
15. **INTEGRATION:** This Agreement contains the entire, complete and final working

Agreement between the parties and supersedes all prior written or oral discussions or agreements related to the development and pursuit of this project.

16. AMENDMENT PROVISION: The terms of this Agreement may only be amended by mutual agreement in writing and signed by the parties.
17. ASSIGNMENT: Neither party may assign, delegate, or subcontract for performance of any of its responsibilities under this Agreement, other than already provided for within this Agreement without prior written consent from Metro's Project Manager.
18. LAW OF OREGON: This Agreement shall be governed by the laws of the state of Oregon, and the parties agree to submit to the jurisdiction of the courts of the state of Oregon.

FROM: Charles Ciecko *cc*

DATE: December 24, 1992

SUBJECT: State Historic Preservation Office Grant

Please find attached a proposed IGA with the State Historic Preservation Office which lays out terms and conditions for Multnomah County to receive \$4,000 grant for rehabilitation and stabilization work at the Bybee House at Howell Territorial Park.

Also, attached is the necessary Budget Modification form to appropriate these new funds in the Parks Division Budget.

Although, other work was completed on the Bybee House earlier this fall, these funds are specifically for the replacement of the roof. All work is being coordinated by Facilities Management.

As these funds are for Capital repairs, indirect costs will not be charged.

Please call me, if you have any questions.

Thanks.

HISTORIC PRESERVATION AGREEMENT
(State Parks Department - Local Government)

Agreement No. HPLF 0011

This agreement, made and entered into this 1st day of January, 1993, by and between the State of Oregon, by and through its Oregon State Parks and Recreation Department, hereinafter called "State," and Multnomah County Parks Services Division, a political subdivision, hereinafter called "Sponsor";

WITNESSETH:

WHEREAS, the Sixty-sixth Oregon Legislative Assembly appropriated to the Oregon State Parks and Recreation Department \$100,000 of Lottery Funds, subject to availability of Lottery Funds, for consideration for statewide historic preservation related to the Oregon Trail migration; and

WHEREAS, State and Sponsor desire to achieve improvements to a historic property described in the proposal attached hereto, marked "Exhibit A," and "Exhibit B," Scope of Work by this reference made a part hereof;

NOW THEREFORE, the parties agree:

1. State hereby agrees to fund the project(s) described in Exhibit A & B, subject to the availability of funds as specified in paragraph 2. Sponsor agrees that Exhibit A & B describes Sponsor's duties under this agreement with respect to the scope of the project(s), project procedures and budget. Any changes or modifications to the scope, procedures or budget of the project(s) as outlined in Exhibit A & B and attachments thereto, shall require written approval of State.
2. Total cost of the project(s) is estimated to be \$9,995.00. Sponsor shall in the first instance pay all project costs and then request reimbursement by State. State shall pay Sponsor no more than \$4,000.00 for the project(s) or 50% of incurred project costs, whichever is less. In no case will State's payment to Sponsor exceed Sponsor's actual cash project costs. Payment of these amounts is completely dependent upon the availability of Lottery Funds. Sponsor agrees that if the total of Lottery Funds made available to the State Parks and Recreation Department for historic preservation purposes should fall short of \$100,000, State's total payment to Sponsor will be reduced by an amount proportional to the amount of the shortfall. Sponsor understands that requests for reimbursement submitted after July 31, 1993 or submitted for work accomplished after June 30, 1993 will not be paid by State.
3. State and Sponsor agree that documented costs of donated materials, equipment and services may be included as incurred costs in Sponsor's matching share pursuant to this agreement, but that costs of donated labor may not.

4. Sponsor shall submit to State within 30 days after completion of project, as part of the work product under terms of this agreement, detailed documentation of Sponsor's total expenditures in carrying out the work of the project.
5. Partial payment requests may be submitted by Sponsor for work completed at the time of the request. Within fifteen calendar days of receipt of a request for reimbursement, State shall initiate procedures to affect payment of 50% of eligible costs; however, State may withhold up to 20% of funds requested for reimbursement, pending State's audit of Sponsor's financial records, State's determination that project work has been satisfactorily completed, or State's final determination of Lottery Funds available to State for historic preservation purposes. State shall make all eligible reimbursements before September 30, 1993.
6. In conformance with ORS 461.710, Sponsor shall display conspicuously on the site or as part of the project, information specifying that the project is funded in part with a financial award from the Oregon State Lottery.
7. In accordance with ORS 461.730, Sponsor agrees that pedestrian facilities built as a part of the project shall conform to ORS 447.210 to 447.280, "Standards and Specifications for Disabled Persons."
8. Sponsor agrees that duly authorized representatives of State and the Secretary of State of the State of Oregon shall have access to sponsor's books, documents, papers and records for the purpose of making audit, examination, excerpts and transcripts.
9. This agreement may be terminated by mutual consent of both parties, or by either party upon a 30-day notice in writing, and delivered by certified mail, or in person.
10. To the extent permitted by Article XI, Section 5 or Article XI, Section 10 of the Oregon Constitution and by the Tort Claims Act, Sponsor shall defend, save and hold harmless the State of Oregon, the Oregon State Parks and Recreation Department, its officers, agents, employees and members, from all claims, suits or actions of whatsoever nature resulting from or arising out of the activities of Sponsor or Sponsor's contractors, agents or employees under this agreement.
11. The Oregon State Parks and Recreation Commission, by a duly adopted delegation order (Delegation Order #1, paragraph 8, adopted January 26, 1990), authorized the Director of the State Parks and Recreation Department to act in its behalf in approving and executing this agreement.
12. THIS CONTRACT CONSTITUTES THE ENTIRE AGREEMENT BETWEEN THE PARTIES. NO WAIVER, CONSENT, MODIFICATION OR CHANGE OF TERMS OF THIS CONTRACT SHALL BIND EITHER PARTY UNLESS IN WRITING AND SIGNED BY BOTH PARTIES. SUCH WAIVER, CONSENT, MODIFICATION OR CHANGE, IF MADE, SHALL BE EFFECTIVE ONLY IN THE SPECIFIC INSTANCE AND FOR THE SPECIFIC PURPOSE GIVEN. THERE ARE NO

UNDERSTANDINGS, AGREEMENTS, OR REPRESENTATIONS, ORAL OR WRITTEN, NOT SPECIFIED HEREIN REGARDING THIS CONTRACT. CONTRACTOR, BY THE SIGNATURE BELOW OF ITS AUTHORIZED REPRESENTATIVE, HEREBY ACKNOWLEDGES THAT IT HAS READ THIS CONTRACT, UNDERSTANDS IT, AND AGREES TO BE BOUND BY ITS TERMS AND CONDITIONS.

IN WITNESS WHEREOF, the parties hereto have set their hands and affixed their seals as of the day and year first above written.

SAUVIE ISLAND, THE BYBEES AND THE OREGON TRAIL

In the 1993 celebration of 150 years since the great overland migration, Sauvie Island takes on a special meaning. It was on this island, rich in its early history of Native Americans and immigrant settlers, that many of the overland immigrants settled and established donation land claims between 1843 and 1855: the Bybees, Bonsers, Reeders, Morgans, Charltons, and Howells--to name a few.

The story of the Bybee house begins in 1845 at Elizabethtown, Missouri, where the Savannah Oregon Immigrating Society was formed "in order to better prepare the way for and accomplish [the] journey to Oregon with greater harmony." Among sixty-four wagons of that group which departed under the leadership of Solomon Tetherow were four belonging to Robert E. Miller and his sons-in-law, Jesse Walker and Joseph Charlton. Included in the party of nineteen, which settled on Sauvie Island, were a Miller daughter, Julia Ann, with her two infants. Her husband, James Francis Bybee (1818-1901), would join her two years later. Most of the Miller family abandoned their provisional claims in 1851 and moved to Jacksonville. Remaining were the Charlton, Ellis Walker and Bybee families.

James F. Bybee arrived "so poor," in his words, that he "went to the gold fields of California and returned with considerable money," part of which enabled him to complete a "substantial island dwelling" on the Bybee donation land claim by 1858. Greek Revival in style, the classical two-story structure contains fireplaces in six of the nine rooms. Bybee engaged in farming and briefly dabbled in Democratic Party politics. He was one of the three original commissioners of newly-established Multnomah County when it was established in 1854. But his devotion was to horse breeding, training and racing and he developed many champion horses during his career.

James and Julia Bybee raised 11 children in the house, although five died in childhood. Robert Emmet Bybee the oldest and most successful, attended Willamette University, read law in the offices of Lafayette F. Grover (an Oregon governor) and in 1875 was elected judge of the Morrison precinct justice court, a post he retained for over a decade. Robert also raised many winning race horses and Bybee Street in southeast Portland is named for him.

The Bybee house was sold to John and Amelia Howell in 1873. The most prominent member of the Howell family is Thomas Howell, who lived many years on a land claim adjoining that of the Bybees. Botany books are sprinkled with over sixty new plant varieties (named Howellii) discovered by Thomas and his brother, Joseph. In 1878 came the discovery of a Howellii Aquatilis (named by noted botanist Asa Gray of Harvard), a rare plant found in Sauvie Island ponds and near Salem. In 1903 his exhaustive study, "A Flora of Northwest America," was published. His personal collection of nearly 10,000 plant specimens formed the basis of the University of Oregon Herbarium.

The James F. Bybee house was the first and is the only survivor of the many new homes that replaced the rudimentary log houses of the first immigrants.

Application For Oregon Trail Historic Preservation Grant

I. Applicants:

- 1) Multnomah County Parks Services Division (Landowner)
1620 SE 190th Avenue
Portland, OR 97233
Telephone: 248-5050
- 2) Oregon Historical Society (co-manager)
1200 SW Park Avenue
Portland, OR 97205

II. Name of Property:

Bybee-Howell House
(National Register No. 74001716, 5 Nov. 1974)

III. Property Address:

13901 NW Howell Park Road
Portland, OR 97231
Multnomah County

IV. Current/Future Uses:

Historical features at the Park include: the James F. Bybee House, with period furnishings; an agricultural museum located on the grounds; a pioneer orchard featuring 115 varieties of apples planted by Oregon pioneers. These features are maintained for historic preservation and public education purposes. Additional activities/uses of the site include: small-scale picnicking, occasional weddings (both outdoors) and wildlife observation at wetland areas located on the 73 acre property.

Future uses which have been discussed include: Sauvie Island orientation/visitor center focusing on Native American history, enhanced programs regarding early pioneer settlement, and development of programs regarding natural history of Sauvie Island. A master plan for future use has not been completed, although funds are being sought for this purpose.

V. Outline of Rehabilitation Work:

1.	Roof Repairs	\$9,995.00
2.	Painting and Glazing	4,990.00
3.	Chimneys and Flashing	1,900.00
4.	Dry Rot Repairs	4,000.00
5.	Post and Beam	2,500.00
6.	Skirting and Plate	7,744.00
7.	Abate Insects and Porch Roof Framing	2,100.00
8.	Hall & Kitchen Floor Repairs	4,420.00
9.	Cellar Floor and Walls	3,302.00
10.	French Drains	1,400.00
11.	Fence	4,420.00
12.	Furnace Modifications	2,600.00
13.	Window Sash and Repairs	3,000.00
14.	Seismic Shut-Off Valves	1,500.00
15.	Modify Security System	500.00
		<u>\$54,371.00</u>

VI. Total Project Cost/Work Item Breakdown:

Project Cost: \$54,371.00; Work Item Description:

1. Do a complete tear-off of the existing cedar shake roof and replace with new treated 30 year guaranteed cedar shingle roof, repair metal flashing. Shake roofing is not historically correct; it needs to be replaced using cedar shingles allowing a proper covering of the eaves.
2. Repaint complete exterior of the building including all windows, doors and porches; reglaze all windows as needed and caulk any openings in the horizontal lap siding. All loose paint and bare areas will be scraped, sanded, feathered-out and primed.
3. Rework all three (3) brick chimneys; grind out all loose mortar and remortar using a bonding agent, repoint chimney tops and install a cement crown replace flashing, water proof exterior of chimneys and install chimney caps to prevent further water damage to interior of chimneys.
4. Replace areas showing extreme dry rot. This includes replacing two (2) pillars on the back porch and leveling the header. The header buckled in the middle due to dry rot at the base of the pillars, thus, not being able to carry the load. Replace dry rotted panels on front porch pillars, replace back porch stairs and hand rails, add fascia (skirting) around back porch and porch deck nosing.

5. Perform post and beam work to support kitchen floor. Floor joists spring severely when walked across.
6. Replace rotted skirting and repair plate if required, repair any sill framing if found to contain concealed rot, install a water table molding to weather-proof sill and skirt board.
7. Abate carpenter ants and repair porch roof framing.
8. Repair upper hall floor, framing and repair kitchen floor. Prior to replacing the rot in the threshold of the second floor porch we had some damage due to water infiltration. The soft wood flooring in the kitchen requires traffic protection where the public passes through.
9. Repair cellar floor and walls, foundation masonry; repointing, install new floor slab or repair, parging and cleaning.
10. Add french drains under eaves to intercept rain run-off. This will help protect the outside of the cellar walls from water damage and spalling.
11. Install a new yard fence to replace the existing fence which is not historically correct. Historic photographs of original fence exist.
12. Furnace modifications: filters, controls, registers and insulation.
13. Replace aluminum storm sash with wood. Include minor window rehabilitation.
14. Install seismic shut-off valves and switches for utilities.
15. Modify security system.

VII. Grant Amount Requested: \$27,200 (50% of total project cost as estimated.)

VIII. Project Begin Date:

As noted in the cover letter, work items one through four have begun due to the necessity of completing these projects prior to the onset of inclement weather. It is hoped these actions will prevent additional deterioration of the building and/or damage to its contents.

Items five through 15 are contingent upon a favorable review of the selection committee. Work will commence shortly after notice of grant funds availability.

IX. Project Funding:

The Park Services Division has the required cash match appropriated in its 1992-1993 Budget. Additional in-kind services will be provided by the Oregon Historical Society, and the Multnomah County Facilities Management Division in the form of consultation, project specifications, contract preparation, contract management and administration.

- X. Photographs: Ten (10) labeled, color photographs are enclosed as Attachment "1."

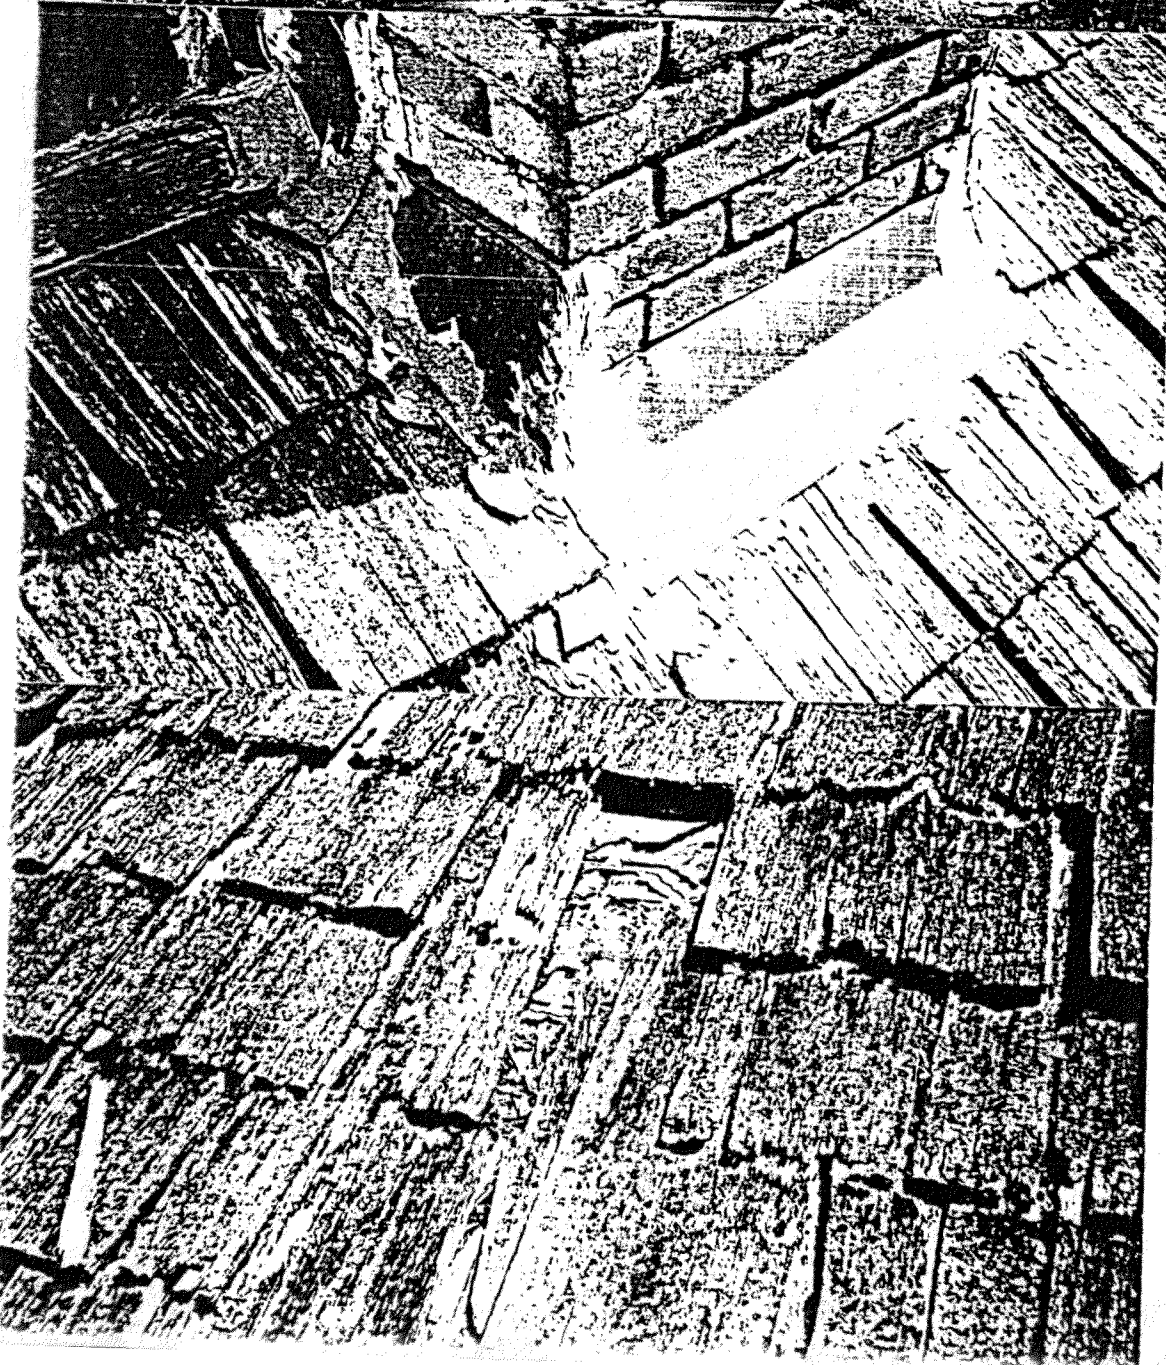

XI. Plans, Drawings, Sketches:

Due to the nature of the proposed projects no plans, drawings or sketches are included with this application. However, included as Attachment "2" is a July 1991 report entitled "James F. Bybee House, Sauvie Island, Oregon Architectural Conservation Assessment" prepared by Architect Alfred Staehli, AIA & Associates. Mr. Staehli is a noted expert in the area of historic architecture preservation. His report and recommendations provide the basis for this grant proposal.

XII. Execution of Work:

Work specifications will be developed by Multnomah County staff in consultation with Oregon Historical Society staff knowledgeable about the Bybee House. Multnomah County staff will award project contracts in a manner consistent with public contract laws. Multnomah County staff will also manage and administer contracts, maintain appropriate records and be the primary point of contact for inquiries, agreements, etc., regarding this grant proposal and project execution.

THE SECRETARY OF THE INTERIOR'S STANDARDS
FOR THE TREATMENT OF HISTORIC PROPERTIES

EXHIBIT B
1 OF 1

The Scope of Work of this historic preservation project as outlined in this agreement Exhibits shall conform to the Secretary of the Interior's Standards for the Treatment of Historic Properties, (Standards). These Standards are attached, and heretofore made part of this contract by reference. Unless outlined below, all Scope of Work items for this agreement are contained in Exhibit A.

SCOPE OF WORK

For Contract Agreement all work shall be executed in consultation with the State Historic Preservation Office.

Roof Repairs	(total)	\$ 9,995.00
State Share		\$ 4,000.00
Sponsor Share		5,995.00

multnomah.b11

**The Secretary of the Interior's Standards
for the Treatment of Historic Properties
1992**

**U. S. Department of the Interior
National Park Service
Preservation Assistance Division
Washington, D.C.
October, 1992**

Preservation is defined as the act or process of applying measures necessary to sustain the existing form, integrity, and materials of an historic property. Work, including preliminary measures to protect and stabilize the property, generally focuses upon the ongoing maintenance and repair of historic materials and features rather than extensive replacement and new construction. New exterior additions are not within the scope of this treatment; however, the limited and sensitive upgrading of mechanical, electrical, and plumbing systems and other code-required work to make properties functional is appropriate within a preservation project.

Standards for Preservation

1. A property shall be used as it was historically, or be given a new use that maximizes the retention of distinctive materials, features, spaces, and spatial relationships. Where a treatment and use have not been identified, a property shall be protected and, if necessary, stabilized until additional work may be undertaken.
2. The historic character of a property shall be retained and preserved. The replacement of intact or repairable historic materials or alteration of features, spaces, and spatial relationships that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Work needed to stabilize, consolidate, and conserve existing historic materials and features shall be physically and visually compatible, identifiable upon close inspection, and properly documented for future research.
4. Changes to a property that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. The existing condition of historic features shall be evaluated to determine the appropriate level of intervention needed. Where the severity of deterioration requires repair or limited replacement of a distinctive feature, the new material shall match the old in composition, design, color, and texture.
7. Chemical or physical treatments, if appropriate, shall be undertaken using the gentlest means possible. Treatments that cause damage to historic materials shall not be used.
8. Archeological resources shall be protected and preserved in place. If such resources must be disturbed, mitigation measures shall be undertaken.

Rehabilitation *is defined as the act or process of making possible an efficient compatible use for a property through repair, alterations, and additions while preserving those portions or features which convey its historical, cultural, or architectural values.*

Standards for Rehabilitation

1. A property shall be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
2. The historic character of a property shall be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, shall not be undertaken.
4. Changes to a property that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and, where possible, materials. Replacement of missing features shall be substantiated by documentary and physical evidence.
7. Chemical or physical treatments, if appropriate, shall be undertaken using the gentlest means possible. Treatments that cause damage to historic materials shall not be used.
8. Archeological resources shall be protected and preserved in place. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and shall be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in a such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Restoration is defined as the act or process of accurately depicting the form, features, and character of a property as it appeared at a particular period of time by means of the removal of features from other periods in its history and reconstruction of missing features from the restoration period. The limited and sensitive upgrading of mechanical, electrical, and plumbing systems and other code-required work to make properties functional is appropriate within a restoration project.

Standards for Restoration

1. A property shall be used as it was historically or be given a new use which interprets the property and its restoration period.
2. Materials and features from the restoration period shall be retained and preserved. The removal of materials or alteration of features, spaces, and spatial relationships that characterize the period shall be not be undertaken.
3. Each property shall be recognized as a physical record of its time, place, and use. Work needed to stabilize, consolidate and conserve materials and features from the restoration period shall be physically and visually compatible, identifiable upon close inspection, and properly documented for future research.
4. Materials, features, spaces, and finishes that characterize other historical periods shall be documented prior to their alteration or removal.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize the restoration period shall be preserved.
6. Deteriorated features from the restoration period shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and, where possible, materials.
7. Replacement of missing features from the restoration period shall be substantiated by documentary and physical evidence. A false sense of history shall not be created by adding conjectural features, features from other properties, or by combining features that never existed together historically.
8. Chemical or physical treatments, if appropriate, shall be undertaken using the gentlest means possible. Treatments that cause damage to historic materials shall not be used.
9. Archeological resources affected by a project shall be protected and preserved in place. If such resources must be disturbed, mitigation measures shall be undertaken.
10. Designs that were never executed historically shall not be constructed.

Reconstruction is defined as the act or process of depicting, by means of new construction, the form, features, and detailing of a non-surviving site, landscape, building, structure, or object for the purpose of replicating its appearance at a specific period of time and in its historic location.

Standards for Reconstruction

1. Reconstruction shall be used to depict vanished or non-surviving portions of a property when documentary and physical evidence is available to permit accurate reconstruction with minimal conjecture, and such reconstruction is essential to the public understanding of the property.
2. Reconstruction of a landscape, building, structure, or object in its historic location shall be preceded by a thorough archeological investigation to identify and evaluate those features and artifacts which are essential to an accurate reconstruction. If such resources must be disturbed, mitigation measures shall be undertaken.
3. Reconstruction shall include measures to preserve any remaining historic materials, features, and spatial relationships.
4. Reconstruction shall be based on the accurate duplication of historic features and elements substantiated by documentary or physical evidence rather than on conjectural designs or the availability of different features from other historic properties. A reconstructed property shall re-create the appearance of the non-surviving historic property in materials, design, color, and texture.
5. A reconstruction shall be clearly identified as a contemporary re-creation.
6. Designs that were never executed historically shall not be constructed.

BUDGET MODIFICATION NO. DES#10

TO: Board of County Commissioners

FROM: Nancy Chase *nc*
Parks Division

DATE: December 28, 1992

SUBJECT: Natural Area Program Nomination

The Park Services Division is requesting permission to nominate the Natural Area Program to the Ford Foundation under their innovation award. The Innovations Program recognizes and rewards public sector programs and policy initiatives which are extraordinarily innovative in addressing public needs. Winning programs receive widespread public recognition and a Ford Foundation Grant.

At this stage, the Ford Foundation only requires that a 2-page questionnaire be completed. Based on this questionnaire, the Foundation may require additional information.

Ford Foundation Innovation awards vary in amount and are an outright gift to the nominated program. No match is required.

Filing deadline is January 6, 1993, for the application.

MEMORANDUM

TO: Lillie Walker, Director
Purchasing

FROM: Jim Munz, Manager *Jim Munz*
Information Services Division

DATE: December 16, 1992

SUBJECT: PCRB Construction Bid Exemption

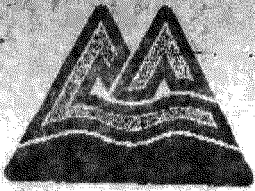

Attached is an agreement with Comprehensive Maintenance Services, a division of Portland General Energy Systems and a wholly owned subsidiary of Portland General Electric, to license the use of a conduit between the Mead and Gill buildings. The cost will not exceed \$32,600. The Telecommunications Section, Facilities Management, and Jan Thompson of your staff, concur that this job can only be accomplished through CMS, and therefor we request this job be exempted from bidding. Facilities Management contacted the following companies for bids:

1. Christenson Electric
2. McCoy Electric
3. Stoner Electric

The path between the two buildings involved crosses under the transit mall. Permits for construction of this type are rarely issued, due to the potential disruption of bus traffic. The three companies listed above either did not bid or could not perform the job due to permits. CMS's proposal is workable since they have an existing conduit of sufficient size that they are willing to license to the county for our needs. This will not require construction activity in the bus lanes of the transit mall.

The conduit between the Mead and Gill buildings will allow the Telecommunications section to provide enhanced services such as voice mail and data connectivity to the Gill Building at a long term cost savings to the county. Your assistance in acquiring this exemption is appreciated.

cc: Brian Fowles

SUBJECT: Attached agreement

DATE: December 16, 1992

Enclosed is the updated agreement from Comprehensive Maintenance Services for the conduit between the Mead and the Gill Buildings. Peter Livingston from County Counsel suggested a few changes and additions, as well as answering some of the questions you had. He suggests that we keep the job as one agreement, not separate the license from the one time work. He did feel it requires a PCRB exemption. He also wanted the wording changed to be consistent referring to a license rather than a lease of the conduit. He also requested some changes in the indemnity clause. He also requested that a workman's comp statement be included.

All of Peter's requested changes were made, so I'm forwarding on copies of the new documents, to pick up where we left off. I am holding the originals until we are ready to process the agreement. Please let me know of the scheduling of the exemption and whether you need any more information or have any other questions.

COMPREHENSIVE

MAINTENANCE

SERVICES

November 25, 1992

Multnomah County Oregon
c/o Brian Fowles
1021 SW 4th Avenue, Room B8
Portland, OR 97204

Dear Brian:

The Comprehensive Maintenance Services team wishes to thank you for providing us the opportunity to provide Multnomah County with a pathway via a conduit under the transit mall connecting the Mead Building at 421 SW Fifth Avenue and the J. K. Gill Building located at 444 SW Fifth Avenue.

Comprehensive Maintenance Services (CMS), a Division of Portland General Energy Systems and a wholly owned subsidiary of Portland General Electric, has over 100 years of experience maintaining the integrity of the electrical system of Oregon's second largest electrical utility, PGE.

Based on our discussions with you, we have assembled a three-part proposal designed to meet your specific needs per your discussions with PGE Engineer Al Fierrea.

This proposal is the fifth revision to our original proposal dated September 11, 1992.

Project #1: Clean Existing 4" Conduit.

The services are specifically described as follows:

- ♦ Provide labor, equipment and material to clean the existing duct that connects the PGE owned utility vault located outside the Mead Building and the PGE owned utility vault directly outside the entrance to the Far West Federal Bank at 444 SW Fifth Avenue, including the installation of a pull string in the duct to accommodate future cable installation.

The total estimated cost for the services described in Project #1 is\$ 928.96

Initials

We will bill on a time and materials basis (rate sheet attached).

Project #2: Safety Assistance.

The services are specifically described as follows:

- ♦ Provide standby safety assistance in the form of PGE personnel in each vault to oversee Multnomah County personnel as they pull in the communications cable.
- ♦ This would include the installation of temporary barriers around existing electrical equipment if required.

The total estimated cost for the services described in Project #2 is \$3,580.96

Initials

Project #2 will be billed on a time and materials basis (rate sheet attached). Our intent is to place one safety inspector in each vault to stay for the duration of the cable installation.

Project #3: Provide by means of a license one 4" conduit under the SW Fifth Avenue transit mall between SW Stark and SW Washington connecting the Mead Building and the J. K. Gill Building.

The total estimated cost for the services described in Project #3 is \$27,890.00
Not to exceed \$28,000.00

Initials

Brian, thank you again for considering Comprehensive Maintenance Services in your maintenance plans. We value long-term customer/vendor relationships, and we supply a top-quality product with a customer satisfaction guarantee. I hope this revision clarifies the extent and scope of our proposal.

If all or part of this proposal meets your needs, please have the appropriate party sign below and assign a purchase order for the agreed upon amount. Our policy is NET 10 days upon satisfactory completion of the work.

This price is contingent upon the existing four-inch duct connecting the two vaults being continuous.

Upon completion of this agreement, Multnomah County will assume rights to use and maintenance of one 4" conduit connecting the two buildings. CMS shall provide Multnomah County with a 25-year License to use one 4" conduit described in this agreement and the accompanying License. Such transfer is subject to a reversionary interest of PGE. Such conduit cannot be sold, assigned, or transferred by Multnomah County and all rights in and to the conduit shall revert to PGE in the event that Multnomah County ceases to use the conduit for the purposes described in the agreement. This 4" conduit is provided "as is" and no warranties are given in respect to said conduit.

In any situation or event, PGE and Multnomah County hereby agree to defend, indemnify, and hold each other, their respective agents, employees, successors and assigns harmless from all damages arising from each others respective conduits or the shared use of the raceway, duct, vaults and other facilities generally located between 421 SW Fifth Avenue and 444 SW Fifth Avenue, Portland, Multnomah County, Oregon. Each party shall be responsible for repairs on its own equipment and at its own expense located within the area described in this Agreement. In the event of an emergency, Multnomah County hereby consents and authorizes PGE to enter onto the Multnomah County facilities or equipment and make such repairs as are reasonably necessary or to disconnect such equipment to provide for public safety or to restore electric service. In the event that both Multnomah County and PGE facilities need emergency repair or replacement, PGE has the right to repair its equipment and restore electric service prior to any repairs made to Multnomah County Equipment.

SUBCONTRACTORS

CMS may, at times, use agents, contractors or subcontractors of its choice to perform any or all services under this agreement, but such use will in no manner alter CMS's duties and obligations under this agreement.

LIMITS OF LIABILITY AND INDEMNIFICATION

Performance of the described services does not guarantee against future failure of the aforementioned equipment, nor does this agreement serve as an insurance policy binding Comprehensive Maintenance Services (CMS) to said customer for damages suffered due to failure of the maintained equipment.

CMS

In the event of a default the sole remedy provided hereunder is to repair the equipment if such equipment failed because of any failure by CMS to reasonably provide the services required herein. In no event shall the performance of the above-described services be construed as a guarantee or warranty of the equipment.

LICENSE

This license is between PGES, a wholly owned subsidiary of Portland General Electric Company (Licensor) and Multnomah County (Licensee) for the use of a pathway via conduit under the transit mall connecting the Mead Building, 421 SW 5th Ave., Portland, Oregon, and the J.K. Gill Building, 444 SW 5th Ave., Portland, Oregon.

In consideration of the mutual promises contained herein and other valuable consideration, Licensor hereby grants Licensee a revocable license to use hereby space in the pathway as described herein and in the letter attached hereto.

PREMISES

Term: The term of this license is 25 years, commencing January 1, 1993 and ending December 31, 2017.

Use: Licensee shall use the premises for the installation of communication cables and no other without licensor's written consent.

Applicable Laws: Licensee shall comply at its own expense with all applicable laws and regulations respecting the use of the premises including securing and maintaining and necessary permits.

Destruction or Damage: In case of damage to Licensee's communication equipment, by fire or other casualty, it shall be Licensee's full responsibility to cause the damage to be repaired. Licensor will not carry insurance on any improvements installed upon or in premises by Licensee, and shall not be required to repair any damage or make replacements to Licensee's equipment.

CMS

Vacation or Abandonment: In the event that Licensee ceases using the premises for the purposes described herein, for a period of sixty days or more, this license shall terminate and the premises revert, for all purposes, to Licensor.

Project #1: Clean Existing 4" Conduit.

The services are specifically described as follows:

- ♦ Provide labor, equipment and material to clean the existing duct that connects the PGE owned utility vault located outside the Mead Building and the PGE owned utility vault directly outside the entrance to the Far West Federal Bank at 444 SW Fifth Avenue, including the installation of a pull string in the duct to accommodate future cable installation.

The total estimated cost for the services described in Project #1 is\$ 928.96

Initial

We will bill on a time and materials basis (rate sheet attached).

Project #2: Safety Assistance.

The services are specifically described as follows:

- ♦ Provide standby safety assistance in the form of PGE personnel in each vault to oversee Multnomah County personnel as they pull in the communications cable.
- ♦ This would include the installation of temporary barriers around existing electrical equipment if required.

The total estimated cost for the services described in Project #2 is \$3,580.96

Initial

Project #2 will be billed on a time and materials basis (rate sheet attached). Our intent is to place one safety inspector in each vault to stay for the duration of the cable installation.

Project #3: Provide by means of a license one 4" conduit under the SW Fifth Avenue transit mall between SW Stark and SW Washington connecting the Mead Building and the J. K. Gill Building.

The total estimated cost for the services described in Project #3 is \$27,890.00
Not to exceed \$28,000.00

Initial

Brian, thank you again for considering Comprehensive Maintenance Services in your maintenance plans. We value long-term customer/vendor relationships, and we supply a top-quality product with a customer satisfaction guarantee. I hope this revision clarifies the extent and scope of our proposal.

If all or part of this proposal meets your needs, please have the appropriate party sign below and assign a purchase order for the agreed upon amount. Our policy is NET 10 days upon satisfactory completion of the work.

CMS

This price is contingent upon the existing four-inch duct connecting the two vaults being continuous.

Upon completion of this agreement, Multnomah County will assume rights to use and maintenance of one 4" conduit connecting the two buildings. CMS shall provide Multnomah County with a 25-year License to use one 4" conduit described in this agreement and the accompanying License. Such transfer is subject to a reversionary interest of PGE. Such conduit cannot be sold, assigned, or transferred by Multnomah County. In the event that Multnomah County should transfer ownership of either or both of the buildings, PGE shall have the right to refuse to extend the terms of this agreement to the new owner or owners. If PGE exercises this right, or in the event that Multnomah County ceases to use the conduit for the purposes described in the agreement, then all rights in and to the conduit shall revert to PGE. This 4" conduit is provided "as is" and no warranties are given in respect to said conduit.

In any situation or event, PGE and Multnomah County hereby agree to defend, indemnify, and hold each other, their respective agents, employees, successors and assigns harmless from all damages arising from each others respective conduits or the shared use of the raceway, duct, vaults and other facilities generally located between 421 SW Fifth Avenue and 444 SW Fifth Avenue, Portland, Multnomah County, Oregon. Each party shall be responsible for repairs on its own equipment and at its own expense located within the area described in this Agreement. In the event of an emergency, Multnomah County hereby consents and authorizes PGE to enter onto the Multnomah County facilities or equipment and make such repairs as are reasonably necessary or to disconnect such equipment to provide for public safety or to restore electric service. In the event that both Multnomah County and PGE facilities need emergency repair or replacement, PGE has the right to repair its equipment and restore electric service prior to any repairs made to Multnomah County Equipment.

SUBCONTRACTORS

CMS may, at times, use agents, contractors or subcontractors of its choice to perform any or all services under this agreement, but such use will in no manner alter CMS's duties and obligations under this agreement.

FOR MULTNOMAH COUNTY, OREGON
ACTING AS THE PUBLIC CONTRACT REVIEW BOARD

In the Matter of a sole source Exemption)
to Contract for Licensing the use of a) A P P L I C A T I O N
conduit between the Mead and Gill Buildings)

Application to the Public Contract Review Board on behalf of a request from Telecommunication/ISD, is hereby made pursuant to the Board's Administrative Rules AR 10.010, and 20.030, adopted under the provisions of ORS 279.015, for an order of exemption to license the use of an existing conduit between the Mead and Gill Building. The cost of the project will not exceed \$32,600.00. The term of the license shall be until December 31, 2017.

This Exemption request is due to the following facts:

Telecommunications plans to run service lines from the Mead to the Gill Building to enhance services and create long-term cost savings to the County. The path between the two buildings crosses under the transit mall. Permits for construction of this type are rarely issued, due to the potential disruption of bus traffic. Competitive quotes were solicited but the vendors either did not bid or were unable to obtain permits.

Comprehensive Maintenance Services, a division of Portland General Energy Systems and a wholly owned subsidiary of Portland General Electric, has an existing conduit of sufficient size that they are willing to license to the County. This will not require construction activity in the bus lanes of the transit mall. The contract will also include cleaning of the conduit and standby safety assistance.

The Department of Environmental Services/ISD, has budgeted funds to cover the cost of the FY 1992-93 budget.

Dated this 29th day of December, 1992.

ORDINANCE FACT SHEET

Ordinance Title: An Ordinance to repeal Ordinance 731, the Multnomah
County Public Library Utility Excise Tax

Give a brief statement of the purpose of the ordinance (include the rationale for adoption of ordinance, description of persons benefited, other alternatives explored):

Tax is regressive and does not fit with likely state packages. Voters would probably repeal it anyway. County needs to put its efforts into holding to the levies. Budget office has previously submitted option memos to the Board.

What other local jurisdictions in the metropolitan area have enacted similar legislation?

Most cities have utility franchise fees.

What has been the experience in other areas with this type of legislation?

Unknown.

What is the fiscal impact, if any?

None, if one assumes the tax would have failed at the ballot regardless.

(If space is inadequate, please use other side)

IMMEDIATE RELEASE

COUNTY COMMISSIONER SALTZMAN SEEKS ALTERNATIVE REVENUE FOR LIBRARY

Multnomah County Commissioner Dan Saltzman will present a resolution to the Board of County Commissioners today proposing a Library Entrepreneurial Initiatives Team to pursue non-tax revenue sources to fund the public library system. At the same meeting, the Multnomah County Board of Commissioners is expected to repeal the County's library utility tax. The meeting will be held at 9:30 A.M. today in Room 602 of the County Courthouse.

The 4% utility tax, in which \$18 million in fiscal year 1993-94 was expected to be raised, was dedicated to support operating costs and capital expenditures of the County's libraries. Petitioners had succeeded in suspending the imposition of the utility tax on heating oil, natural gas and electricity while waiting for voters to decide in a March election if they supported the library utility tax.

-MORE-

BOARD OF
COUNTY COMMISSIONERS
1993 JAN 14 AM 8:18
MULTNOMAH COUNTY
OREGON

"Major changes start with a small step. The Library Entrepreneurial Initiatives Team is a modest but, important first step in finding new sources of revenue for our community's library system," said Commissioner Saltzman. He further stated, "this effort in no way supplants the need for voters to renew the library serial levy later this spring."

The resolution would establish an 11 member Library Entrepreneurial Initiatives Team to propose ways in which Multnomah County Library could produce additional revenue sources, thereby reducing the Library's reliance on the County general fund. Potential revenue sources might included toll calls for library reference line inquiries; the establishment of a coffee shop at Central library; research services for businesses; and a volunteer Library "gold card" for additional library services.

For more information about the resolution, contact Jean Bucciarelli at 248-5220 or Teri Duffy at 248-3308.

BEFORE THE BOARD OF COUNTY COMMISSIONERS
OF MULTNOMAH COUNTY

In the Matter of Establishing a) RESOLUTION
Library Entrepreneurial Initiatives Team)
to Propose Ways for the Library to Develop)
Additional Revenue Sources)

WHEREAS, the Multnomah County Library receives most of its funding from the County General Fund; and

WHEREAS, the County General Fund is under a great deal of stress to maintain current service levels for critical services; and

WHEREAS, the three year levy for the Library expires June 30, 1993; and

WHEREAS, local governments must look at new ways of doing business and serving the public; and

WHEREAS, there is a need for a Library Entrepreneurial Initiatives Team to develop ideas for alternative (non-tax) revenue sources, or profit centers, to reduce Multnomah County Library reliance on the general fund.

NOW, THEREFORE BE IT RESOLVED, that the Board of County Commissioners establishes a Library Entrepreneurial Initiatives Team consisting of 11 representatives from the following areas: current Library Board members (3); utility companies (2); Friends of the Library (1); private sector marketing and sales promotion (2); Television/radio sales and national vendor programs (1); library employees (1); general public (1).

BE IT FURTHER RESOLVED, that the ideas contained in Attachment A be among the alternatives examined by the team for their revenue potential.

BE IT FURTHER RESOLVED, that the Library Director establish a volunteer group of library employees to develop ideas for alternative revenue sources. The library employee on the Entrepreneurial Initiatives Team shall serve as liaison to the library employees group to bring forward their ideas for consideration by the Entrepreneurial Initiatives Team.

BE IT FURTHER RESOLVED, that the Library Entrepreneurial Initiatives Team be staffed by a person on loan from the private sector and/or a library employee, and that none of the Team receive compensation.

BE IT FURTHER RESOLVED, the the Library Entrepreneurial Initiatives Team commence its work by January 25 and present recommendations to the Board of County Commissioners no later than April 25, 1993.

POTENTIAL ALTERNATIVE REVENUE SOURCES FOR LIBRARY

- 1) Library "gold card", for families or individuals who voluntarily pay an annual fee in exchange for additional benefits. Additional benefits could range from an extra week of checkout time to discounts on purchases at bookstores or other commercial businesses.
- 2) Toll call for library reference line inquiries.
- 3) Establishment of a coffee shop in Central if renovation is funded.
- 4) Provision of sophisticated, fee-based, research services to business. This could include higher access charges for remote access of library computerized database, or providing carrels equipped with computers or other features that allow it to become an independent workstation for professional research.
- 5) Marketing checkout books as advertising medium. Would direct mail marketers and coupon vendors pay to have promotions/discount coupons inserted in loaned books? Over 6 million books were checked out last year.

RE: Library Entrepreneurial Initiatives Team Resolution

The attached substitute (R-14 on 1-15-93 agenda) includes the changes requested by Chair McCoy, Ginnie Cooper and Tanya Collier. The third "Whereas" is deleted. A Commissioner is added to the Team as an ex-officio member. The team composition reference to "utility companies" is changed to "business sector". The Chair, not the Library Director, is requested to solicit ideas from library employees through the existing Fines & Fees Committee.

Subject: Draft Library & Jail Ballot Measure Language and Issues

Please find attached drafts of Library and Jail ballot measure language.

L-1 is existing library levy dollar amount at \$10.3 Million per year.

L-2 is existing library levy dollar amount plus 6% (\$11,021,000). The 6% is used as the estimated amount of assessed value growth.

L-3 is rate based library levy. Rate based is the amount per thousand of assessed value as opposed to as specific dollar amount.

J-1 is existing jail levy dollar amount at \$13.5 Million per year.

J-2 is existing jail levy dollar amount plus 6% (\$14,444,000). The 6% is used as the estimated amount of assessed value growth.

J-3 is rate based jail levy. Rate based is the amount per thousand of assessed value as opposed to as specific dollar amount.

The printed ORS Rules for ballot measure Levies will be forth coming, but we believe that these drafts meet the requirements, however they are not final. The explanation of the levy can be one hundred fifty words and at present they are only ninety and further explanation in very plain English might be very helpful and they need to meet the "readability" test.

- The question may have twenty words
- The explanation may have one hundred fifty words

There are several questions that need resolution:

- Should both the Jail and Library levies be on the ballot together?
- How should levies be sent to the voters? (Which Library option/which Jail option)
- Should General Obligation Bonds for; downtown library capitol fix be on the ballot with Library levies?
- Should we put the Midland branch on the ballot?
- Converting JDH COP's to General Obligation Bonds be on the ballot?
- Should the levies and G.O. Bonds be on same ballot?

Considerations with each decision:

- If either or both levies want to be on March 23rd (vote by mail ballot) - Jan 21st is deadline for County to act - Ordinance must be filed by noon on Wed. January 13th.
- If either or both levies want on May 18th vote by mail - March 18th is deadline and ordinance must be filed by noon on Thursday March 4, 1993.
- Decision for how levies should be sent to voters (L-1, 2, or 3 and J-1, 2 or 3) should be made as soon as possible for maximum time for public education.
- If any G.O. Bonds are to be on ballot May 18th is the first time allowed as there must be full public hearing process. There is no option for any G.O. Bonds on March ballot.
- If G.O. Bonds and levies are to go together on some ballot, May is the earliest option.

Please review and comment as there are issues that will be on the agenda for review on Tuesday and for consideration on Thursday.

Thanks

J-1

BALLOT TITLE

CAPTION: Three Year Serial Levy for Library Operations.

QUESTION: Shall Multnomah County levy \$10,300,000 per year
(outside the tax base) for three years beginning 1993-94 ?

EXPLANATION: This measure would establish a three-year serial
levy of \$10,300,000 per year for library operations.

The levy replaces a three year levy of \$10,300,000 per year
that ends June 30, 1993.

The levy would produce \$30,900,000 during the three
years. These funds will continue to support County library
operations.

The levy is subject to the \$10 limit in Section 11b, Article
XI, Oregon Constitution, (1990 Measure 5). This measure
would not reduce property tax collections for those other
units of local government subject to the \$10 rate limitation
of the Oregon Constitution.

L-2

BALLOT TITLE

CAPTION: Three Year Serial Levy for Library Operations.

QUESTION: Shall Multnomah County levy \$11,021,000 per year
(outside the tax base) for three years beginning 1993-94?

EXPLANATION: This measure would establish a three-year serial
levy of \$11,021,000 per year for library operations.

The levy replaces a three year levy of \$10,300,000 per year
that ends June 30, 1993.

The levy would produce \$33,063,000 during the three
years. These funds will continue to support County library
operations.

The levy is subject to the \$10 limit in Section 11b, Article
XI, Oregon Constitution, (1990 Measure 5). This measure
would reduce property tax collections for those other units
of local government subject to the \$10 rate limitation of the
Oregon Constitution.

L-3

BALLOT TITLE

CAPTION: Three Year Tax Rate Serial Levy for Library Operations.

QUESTION: Shall Multnomah County levy \$0.4034 per \$1,000 of assessed value (outside the tax) base for three years beginning 1993-94 ?

EXPLANATION: This measure would establish a three-year tax rate serial levy. The levy of \$0.4034 per \$1,000 of assessed value will provide estimated revenue not to exceed \$11,021,029 in 1993-94, \$11,789,579 in 1994-95, and \$12,614,849 in 1995-96.

The levy replaces a three year levy of \$10,300,000 per year that ends June 30, 1993. The 1992-93 tax rate for this levy was \$0.4034 per \$1,000 of assessed value.

These funds will continue to support County library operations.

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This measure would reduce property tax collections for those other units of local government subject to the \$10 rate limitation of the Oregon Constitution.

J-1

BALLOT TITLE

CAPTION: Three Year Serial Levy for Jail Operations.

QUESTION: Shall Multnomah County levy \$13,500,000 per year
(outside the tax base) for three years beginning 1993-94?

EXPLANATION: This measure would establish a three-year serial
levy of \$13,500,000 per year.

The levy replaces a three year levy of \$13,500,000 per year
that ends June 30, 1993.

The levy would produce \$40,500,000 during the three
years. These funds will continue to support County jail
operations and residential alcohol and drug offender
programs.

The levy is subject to the \$10 limit in Section 11b, Article
XI, Oregon Constitution, (1990 Measure 5). This measure
would not reduce property tax collections for those other
units of local government subject to the \$10 rate limitation
of the Oregon Constitution.

9-2

BALLOT TITLE

CAPTION:

Three Year Serial Levy for Jail Operations.

QUESTION:

Shall Multnomah County levy \$14,444,000 per year (outside the tax base) for three years beginning 1993-94 ?

EXPLANATION:

This measure would establish a three-year serial levy of \$14,444,000 per year.

The levy replaces a three year levy of \$13,500,000 per year that ends June 30, 1993.

The levy would produce \$43,332,000 during the three years. These funds will continue to support County jail operations and residential alcohol and drug offender programs.

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This measure would reduce property tax collections for those other units of local government subject to the \$10 rate limitation of the Oregon Constitution.

J-3

BALLOT TITLE

CAPTION:

Three Year Tax Rate Serial Levy for Jail Operations.

QUESTION:

Shall Multnomah County levy \$0.5288 per \$1,000 of assessed value (outside the tax base) for three years beginning 1993-94 ?

EXPLANATION:

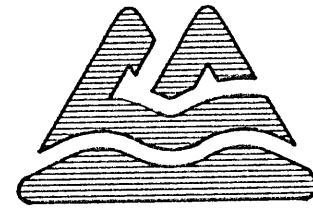

This measure would establish a three-year tax rate serial levy. The levy of \$0.5288 per \$1,000 of assessed value will provide estimated revenue not to exceed \$14,443,421 in 1993-94, \$15,454,460 in 1994-95, and \$16,536,272 in 1995-96.

The levy replaces a three year levy of \$13,500,000 per year that ends June 30, 1993. The 1992-93 tax rate for this levy was \$0.5288 per \$1,000 of assessed value.

These funds will continue to support County jail operations and residential alcohol and drug offender programs.

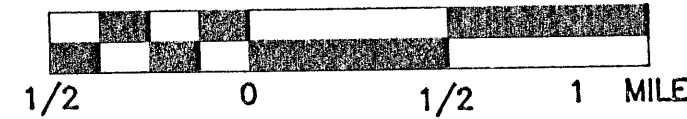

The levy is subject to the \$10 limit in Section 11b, Article XI, Oregon Constitution, (1990 Measure 5). This measure would reduce property tax collections for those other units of local government subject to the \$10 rate limitation of the Oregon Constitution.
