My apologies for the delay. We are holding press release for later today. But would you put the following paragraph on your agenda? Thanks...Dave A.

Members of the Multnomah County Board of Commissioners will hold a press conference at 10:30 a.m. Monday on the sixth floor of the Multnomah Building to announce the kickoff of its Winter Food and Clothing Drive. The drive will benefit the Orwgon Food Bank and other social service agencies.

Here is what he wants to say on our agenda/notice.

I talked to Dave about this and we agreed it's not public meeting for which notice is required, but that it doesn't "hurt" to notice the event since all the commissioners will likely be present.

I have no problem including this language.

So we aren't setting a precedent of all press releases going on future agendas? I only worry about this, because Marissa isn't here this week, and I don't know my boss' opinion.

I'll add it, and thank you.

I'm thinking of if it as an announcement that the Commissioners will be meeting as opposed to a news release.

However, to address your concern I suggest you can take out the last sentence so that it reads:

Members of the Multnomah County Board of Commissioners will hold a press conference at 10:30 a.m. Monday on the sixth floor of the Multnomah Building to announce the kickoff of its Winter Food and Clothing Drive.

Just wanted to let you know how we came up with this in our Notice. David Austin requested it, and I went through Jenny, as I was concerned about setting a precedent for all future press releases, and also was concerned whether you were aware of this request.
