INTERGOVERNMENTAL AGREEMENT

Transition of Building Permit Services

THE CITY OF TROUTDALE and MULTNOMAH COUNTY enter into this agreement pursuant to the authority granted in Chapter 190 of the Oregon Revised Statutes for the purpose of providing for the transition of responsibility for building permit issuance and related services from Multnomah County to the City of Troutdale.

PARTIES TO THE AGREEMENT

THE CITY OF TROUTDALE is a municipal corporation organized and existing under the laws and constitution of the State of Oregon and is hereinafter referred to as "the City".

MULTNOMAH COUNTY is a Home Rule political subdivision of the State of Oregon organized and existing under the laws and constitution of the State of Oregon and is hereinafter referred to as "the County".

RECITALS

WHEREAS, the City and the County find that the most cost effective and rational method for delivery of building permit issuance and related services is through the City Community Services Department; and

WHEREAS, the City and the County recognize the need for transferring permit services from the County to the City; and

WHEREAS, the City and the County anticipate the City of Troutdale, the City of Fairview and the City of Wood Village will soon annex substantially all of the urban unincorporated areas of the County within the respective Cities' currently proposed urban services boundary; and

WHEREAS, citizens involved in the permit process at the time of annexation will no longer be inconvenienced with dual permit processes; and

WHEREAS, City and County expenditures related to transitional permits and boundaries will no longer be required, and

WHEREAS, field services will no longer be established by jurisdictional boundaries but rather by the most efficient and economical means of delivery, and

WHEREAS, it is in the public interest for the City and the County to plan together for the orderly transition of service responsibilities as annexations occur and as the City and County policies are implemented in response to citizen requests; and

WHEREAS, ORS 190.010 to 190.030 provide for intergovernmental agreements between units of local government, including the City and County, to allow the performance of functions or activities by one unit of local government for another; and

WHEREAS, ORS 190.020 requires that an intergovernmental agreement contemplating the performance of functions or activities by one unit of local government for another shall specify the responsibilities and the apportionment of funds between the parties;

NOW, THEREFORE, in consideration of the mutual promises contained herein and pursuant to the provisions of ORS 190.010-190.030, the City and County agree as follows:

SECTION I: PURPOSE.

The general purposes of this Agreement are:

- A. To provide for an orderly transition of all building permit issuance and related services from the County to the City.
- B. To identify the unincorporated County areas for which the City shall provide building permit and other related services and to enumerate those services.
- C. To establish distribution of service fee revenue.
- D. To establish the method and amount of payments by the County to the City for City-provided services within unincorporated County areas.
- E. To provide a schedule of adjusting County payment to the City consistent with changes in unincorporated County population being served by the City.

F. To set forth terms of liability and legal responsibilities.

SECTION II: TRANSFER OF FUNCTIONS.

A. Effective Date. Transfer from the County to the City of the responsibilities, obligations, and materials described below shall occur on July 1, 1986.

B. Permit Service Area. The area covered by this Agreement shall be known as the Permit Service Area and shall include all unincorporated County areas situated north of N.E. Glisan Street and between the City of Gresham boundary and the Sandy River, as shown in Exhibit A.

C. Functions Transferred. Effective July 1, 1986, the City shall provide the following services within the Permit Service Area.

1. Administer the Oregon State Structural Specialty Code and Fire Life Safety regulations.

2. Administer the Oregon State Mechanical Speciality Code.

3. Administer the Oregon State Electrical Specialty Safety Code.

4. Administer the Oregon State Plumbing Specialty Code.

5. Administer the Oregon State Mobile Home installation and hook-up program as administered by the County prior to transition.

6. Administer County Code 9.10 (Building Code).

7. Administer County Code 9.20 (Electrical Code).

8. Administer County Code 9.30 (Plumbing Code).

9. Administer County Code 11.15 (Land Use and Zoning).

a) City administration of land use and zoning matters shall be limited to field inspection, investigation, preparation of inspection/investigation reports and field related testimony of contested cases.

b) All enforcement of land use and zoning regulations beyond the withholding of certificate of occupancy or approval of final inspections will remain with the County.

c) The City shall make available, without charge to the County, records and testimony by City inspection personnel when needed in connection with litigation of land use/zoning cases.

D. Rights to permit fees. After July 1, 1986, all revenue derived from service fees within the Permit Service Area from the sources listed below shall accrue to the City.

1. Building Code fees as set forth in the specialty codes of the State of Oregon, and/or

2. Fees described in County Code 9.10.100.

3. Electrical fees described in County Code 9.20.070.

4. Plumbing fees described in County Code 9.30.100.

5. Zoning fees described in County Code 5.10.255.

6. System Development administrative fee described in County Code 8.70.440.

7. Miscellaneous fees established under County Code 5.10.060.

E. Payments from County to City. The following payments shall be made:

1. The County shall transfer to the City, by August 1, 1986, \$950 for fiscal year 1986/87. This sum and future allocations provide for building and zoning investigation and enforcement within the Permit Service Area, involving activity not covered by permit fees.

2. The County shall pay to the City, by August 1 of each ensuing fiscal year, an amount equal to the previous year payment as adjusted by the percentage change in Consumer Price Index, Urban Wage Earners and Clerical Workers, Revised (CPI-W), National, January to January and the schedule in Subsection II.G.

3. In the event this Agreement is terminated, the City shall refund to the County an amount equal to the fiscal year payment by the County, divided by 365 days, multiplied by the number of days remaining in the fiscal year at the time of termination.

F. Annual Adjustment of Payment. It is expected that the City will for some time continue annexing territory within its Urban Growth Boundary, thereby reducing the County's unincorporated area and population. County urban service expenditures will diminish in direct proportion to the amount of unincorporated urban area and population annexed to various cities. The unincorporated County rural area is anticipated to remain stable in population or, at most, experience minimal growth in conformance with the County's Comprehensive Land Use Plan. In recognition of the foregoing, the following formula shall apply to and modify each fiscal year payment by the County to the City:

1. On or before July 1, 1987, the City and County shall agree on a population figure for the Permit Service Area existing on January 1, 1986.

2. The annual payment from County to City shall be calculated as follows:

A = Permit Service Area population
January 1, 1986.

B = Permit Service Area population annexed
during 1986.

C = Annual percentage change in CPI-W.

P₁ = Annual County payment for fiscal
year 1986/87.

P₂ = Annual County payment for fiscal
year 1987/88.

$P_2 = P_1[(A-B)/A]C$

3. Each ensuing fiscal year payment by the County to the City shall be determined by altering the previous year's payment, based on the previous calendar year CPI-W and the preceding calendar year population loss.

4. Population figures used for fiscal year payment computation may be changed at any time with mutual consent of the City and the County.

SECTION III: GENERAL TERMS

A. Dispute Resolution. Any disputes between the City and the County that may arise under this Agreement (but not including disputes relating to employees who are affected by the Agreement) shall be resolved by arbitration or by employing a private judge under an approved plan upon the written request of either party.

1. Arbitration. The parties shall select an arbitrator from the American Association of Arbitrators. If the parties are unable to agree upon an arbitrator, they shall request a list of seven arbitrators and an arbitrator shall be chosen by alternate striking of names; the order of striking shall be determined by lot. The arbitrator's decision shall be final and binding, but the arbitrator shall have no power to alter, modify or amend the terms of this Agreement. The arbitrator's fees shall be borne equally by both parties.

2. Alternative means of resolution. The parties shall be allowed to use any plan approved by the State of Oregon or Multnomah County Circuit Court that may allow attorneys or former judges to preside as Circuit Court judges for a fee paid by the parties.

B. Non-Appropriation Clause. This agreement is subject to future appropriations by any future City Council or Board of County Commissioners.

C. Personnel Matters. The parties recognize that implementation of this agreement may have an impact on personnel employed by each jurisdiction, some of whom may be represented by labor organizations with which the City and the County have a contractual and a bargaining relationship.

The parties, therefore, agree that upon execution of this Agreement, each will, upon timely request, meet and bargain with the appropriate labor organization representing its own employees concerning the impact of this agreement on employees represented by such labor organizations.

D. Separability. If any section, subsection, clause or phrase of this agreement is determined by any court or arbitrator of competent jurisdiction, to be invalid or unenforceable for any reason, such determination shall not affect the validity of the remaining Agreement, which shall continue to be in effect.

E. Termination. This Agreement shall continue indefinitely unless terminated by mutual written consent of the parties. In the event that this Agreement is terminated, all property transferred from the County to the City pursuant to this Agreement shall be returned to the County.

F. Amendments. This Agreement may be amended by mutual agreement of the parties.

G. Captions. The captions and headings used in this Agreement are not a substantive part of this Agreement. They are intended as a reference tool and shall not be used in interpreting the terms of this Agreement.

H. Indemnity.

1. The City shall hold harmless and indemnify the County, its officers, agents and employees from all liability, claims, suits, actions and other proceedings caused by or arising out of the negligence of the City, its agents or employees in the performance of its obligations under this contract.

2. The County shall hold harmless and indemnify the City, its officers, agents and employees from all liability, claims, suits, actions and other proceedings caused by or arising out of the negligence of County, its agents or employees in the performance of its obligations under this contract.

I. Level of Service.

For service fees received and County payments, the City shall provide a level of service for building code administration and enforcement in the Permit Service Area equal to and consistent with that performed within the City.

Such service shall conform to ORS 456.803.

J. Cooperation Regarding Ordinance Amendments.

The City and County recognize the need to continually improve efficiency and uniformity in code administration and shall cooperate to revise County building code related ordinances and adjust service fees to achieve efficiency and uniformity.

To implement ordinance revisions to M.C.C. 9.10, 9.20 and 9.30, the City shall prepare such documents necessary for County Board action and provide testimony before the County Board in support of such proposals.

K. Service Coordination.

The Director of Environmental Services shall represent the County in all matters of service coordination with the City.

The City shall submit a written monthly report to the Director of Environmental Services by the 15th of the following month.

The monthly report shall indicate activity levels in unincorporated County areas and include a brief narrative of important or unusual enforcement or investigative activities occurring in unincorporated County.

IN WITNESS WHEREOF, the authorized representatives of the City and the County, as parties hereto, acting pursuant to the authority granted to them, have
