

Area 93 Transfer Plan Agreement Between Multnomah County and Washington County

This agreement (hereafter “Agreement”) is entered into by and between Multnomah County, a political subdivision of the State of Oregon, and Washington County, a political subdivision of the State of Oregon, collectively referred to as the “Parties.” After having been signed by both Parties, this Agreement becomes effective at 12:01am on January 1, 2014 (a.k.a. the “operative date”).

RECITALS

- I. It is in the interest of the State of Oregon to facilitate efficient and well-planned urban development on land included within an urban growth boundary.
- II. It is preferable for county services to be provided by the county in which the territory receiving the services is located.
- III. The portion of Multnomah County referred to as Area 93 was included within Metro’s urban growth boundary in 2002. “Area 93” is the area depicted in the attached Exhibit A and legally described in Exhibit B.
- IV. Area 93 is immediately adjacent to an urbanized portion of Washington County and separated from urbanized portions of Multnomah County and the City of Portland and more than one-half mile from the City of Portland’s urban service district.
- V. In 2012, the Land Conservation and Development Commission acknowledged the designation of urban and rural reserves for the Portland metropolitan region under ORS 195.137 to 195.145, including a rural reserve that further isolates Area 93 from urbanized portions of Multnomah County. Rural reserves are areas that may not be included within an urban growth boundary for a period of 50 years.
- VI. For the reasons identified in this section, neither Multnomah County nor the City of Portland can effectively deliver urban services within Area 93.
- VII. In response to these circumstances, the legislature enacted into law HB 3067 (2013) which provides for the transfer of Area 93 from Multnomah County to Washington County.
- VIII. This law provides that the transfer of Area 93 is contingent upon Multnomah and Washington Counties agreeing to the transfer and agreeing on a transfer plan.

- IX. Section 2 of HB 3067 (2013) provides that a group of two commissioners from each County shall be appointed to meet and establish the terms of the plan for the transfer of Area 93. This group then may present a plan to their respective County Boards for a vote. This Agreement is that plan.

AGREEMENT

Multnomah County and Washington County agree to the transfer of Area 93 from Multnomah County to Washington County. Within 10 days of the approval of this Agreement, the Parties shall jointly notify the Governor of the approval of the transfer of Area 93 from Multnomah County to Washington County by sending the Governor a copy of this Agreement signed by both Parties.

1. Solid Waste and Recycling

The service provider for solid waste and recycling services will not change as a result of the county boundary change, although customer rates and service levels will change to reflect Washington County's approved rates and service levels. Area 93 residents currently receive garbage and recycling service from Walker Garbage Service, and Area 93 will become part of Walker Garbage Service's certificate area after the boundary changes. Walker Garbage Service will be notified by Washington County of this change and will be required to submit a new certificate boundary map to Washington County for approval before the boundary change becomes operative.

2. Emergency Medical Services

Emergency Medical Service (EMS) includes both first responder (fire department) and ambulance (private company). When the boundary change is implemented, Tualatin Valley Fire & Rescue will continue to be the first responder agency but the private ambulance company will change from American Medical Response to Washington County's franchised provider, Metro West Ambulance. Customer rates for ambulance service will change to reflect Washington County's approved rates. Each County will review its Ambulance Service Area Plan and revise as appropriate.

3. Library Services

Area 93 residents will become part of the Washington County Cooperative Library Services (WCCLS) and will be assigned to the Cedar Mill Community Library when the boundary change becomes operative. However, an intergovernmental agreement among the library systems in the region (including both Multnomah and Washington counties) allows any resident to receive free library services from any of the participating counties. This means that Area 93 residents may continue to receive library services from the library of their choice in either county.

Library system records will need to be updated to reflect the change in county residency for Area 93 residents. Multnomah County and WCCLS will update county residency records for Area 93 residents as part of their automatic update process when patrons' addresses are checked every two years.

Fines and fees will remain with the library system where they were accumulated.

4. De-annexation of MC Library District upon boundary change

Multnomah County Board of Commissioners will enter an order declaring that Area 93 is no longer a part of the Multnomah County Library District because it is not within the boundaries of Multnomah County, effective beginning FY 2014-15. The Multnomah County Board of Commissioners, sitting as the governing body of the Library District, will consent to this withdrawal from the Multnomah County Library District by order.

5. Sheriff's Patrol

Washington County Sheriff's Office (WCSO) will work with the Multnomah County Sheriff's Office to establish a time-certain date by January 1, 2014 for WCSO to assume dispatch, patrol and other law enforcement services. Concurrently, the Washington County Consolidated Communications Agency (WCCCA) will work with Bureau of Emergency Communications (BOEC) (Multnomah Co. 911 dispatch) to provide a switch over of police calls from BOEC to WCCCA on a mutually agreed to time-certain date by January 1, 2014. Tualatin Valley Fire & Rescue serves Area 93 and fire calls will continue to be routed to WCCCA. The two agencies will work together to transfer all records necessary to facilitate this change in public safety service providers.

6. Appraisal

For all properties within the Area 93 boundary, Multnomah County will transfer a copy of the following appraisal records to Washington County by March 31, 2014, including:

1. Current year appraisal cards demonstrating a complete land and improvement inventory as required for data conversion. This includes all data pertaining to exemptions, special assessments, exceptions, deferrals, or other programs or services requiring continuance.
2. Any ongoing appeals and account information with adjudicated values.
3. All building permits, flags, plans, drawings, notes, files or other information in the appraisal process used to account for property changes.
4. 12 Years (statutory retention period) of assessment roll history, assessment roll values, and data related to all supplements.
5. 12 Years (statutory retention period) of all available appraisal cards, files, forms and notes.

Personal property returns or extension applications are due by March 1, 2014. Multnomah County will transfer all personal property returns, applications or other pertinent information necessary to produce the 2014/15 tax roll to Washington County by March 15, 2014.

7. Recording

For all properties within the Area 93 boundary, Multnomah County will transfer a copy of the following Recording records to Washington County by March 31, 2014:

1. Electronic images of all recorded documents pertaining to property rights and ownership within Area 93 dating from January 1, 1994 to current.
2. The Recording documents prior to 1994 reflecting the most recent change in real property ownership.
3. Available usable indexes for documents pertaining to the properties within Area 93.

Each county will place a flag in their respective records and maintain cross references with sufficient details to ensure a complete ownership history for Area 93.

8. Tax Collection

Records pertaining to tax roll history are the responsibility of the certifying county, therefore Multnomah County will retain their certified records and Washington County will start anew for the tax year 2014-15. No transfer of records pertaining to tax roll history will be required.

Multnomah County agrees to pay the outstanding General Obligation Refunding Bonds, Series 2010 obligations that would otherwise be paid by property owners in Area 93 from any legally available sources.

Pursuant to ORS 202.250, on July 1, 2014, Multnomah County will provide Washington County a detailed list of all accounts with delinquent property taxes, interest and fees. Washington County will submit payment to Multnomah County Tax Collector for any delinquent property taxes, interest and fees due on the Area 93 properties. Multnomah County will flag the applicable accounts on its computer system and public website to denote the transfer to Washington County.

The West Multnomah Soil and Water Conservation District will need to submit a LB50 form to Washington County Assessment & Taxation at the appropriate time to be included in the Washington County Assessment/Tax roll.

Properties that will be certified for the 2014 tax roll will retain their deferral or exemption as applied for and approved in Multnomah County. Once properties have been transferred to Washington County, any properties that have an exemption or deferral will need to re-apply to Washington County at the appropriate time. Multnomah County will provide Washington County with worksheets on properties currently in farm/forest deferral in the event that the deferral may be disqualified and back taxes would become due.

Any taxation issues as to implementation that cannot be resolved between Multnomah County and Washington County will be submitted to the Department of Revenue for resolution.

9. Elections

Washington County Elections will update the voting records, via the State's elections database, for all registered voters in Area 93 to Washington County. All electoral districts will remain the same with the exception of County-specific districts (such as County Commissioner, District Attorney and Circuit Courts).

10. Roadways

Multnomah County agrees to transfer public roadways within Area 93 currently within its jurisdiction to Washington County. These roadways are shown in Exhibit A to this Agreement.

The transfer includes all signals, signs and other road/transportation related equipment and improvements (including stormwater and water quality facilities) within the road right of way; any fee title, right of way, easement, dedication or other similar road related property interest; and any sidewalk, slope, traffic device, stormwater drainage or similar road related easements. Existing driveway permits, developer agreements for road frontage construction, payment in lieu of agreements, etc will also be transferred.

Multnomah County will provide hard copies of (or access to) all records relating to the transferred roads and assets by January 1, 2014, related to the items in the prior paragraph. Obligation for maintenance of all road/transportation related facilities (cross culverts, drainage, slopes, vegetation, etc.) shall remain with Multnomah County until the effective date of this transfer.

11. County Surveyor

Multnomah County will provide the Washington County Surveyor's Office with digital copies of all records currently filed or otherwise retained in the Multnomah County Surveyor's Office, that apply to the area within Area 93, before the boundary change becomes operative.

12. Transfer of Planning Authority

Multnomah County agrees to transfer planning jurisdiction for Area 93 to Washington County upon final signatures of this Agreement for the time period between the full execution of this Agreement and the operative date of the boundary change. The transfer of planning jurisdiction will allow Washington County to pursue application of an interim urban plan designation for Area 93 and identify ultimate service providers for the area.

13. Land Development Regulations

Until the operative date of this Agreement, all filed or existing development applications in the area that have been determined to be complete will be processed by Multnomah County. Washington County delegates to Multnomah County or its designee the authority to administer the State Building Code in the form currently adopted by the City of Portland, in accordance with Intergovernmental Agreement for the Transition of Building Permit Services between Multnomah County and the City of Portland, originally dated June 23, 1986. This delegation of authority applies to all pending development requests, including permit issuance and inspections, subsequent to the transfer. The authority to administer the State Building Code for the properties in Area 93 will expire upon final inspection and/or occupancy issuance for permits for these properties or two (2) years from the operative date of this Agreement, whichever is less.

Multnomah County agrees to transfer land development records including but not limited to development review case files and final building permit approvals to Washington County. Building permit records on file at the City of Portland will remain with the city and be available upon request. Conditions of approval required by Multnomah County will continue to apply in Area 93 after the operative date of the boundary change unless otherwise modified by Washington County. All incomplete applications will be returned to applicants

as of the operative date of the boundary change. From that point on, all land development applications will be directed to Washington County.

14. Concept Planning per Metro Requirements

Multnomah County agrees to assign and Washington County agrees to accept responsibility to prepare a concept plan pursuant to Title 11, and in conformance with conditions of approval of Metro Ordinance No. 02-969B and Metro Order 11-053, for the entirety of Area 93. Multnomah County agrees to provide copies of all materials previously utilized for the preparation of its draft concept plan for Area 93.

15. Comprehensive Planning

In December 2002, Metro brought Area 93, as identified in Exhibit N of Metro Ordinance No. 02-969B and consisting of approximately 160 acres, within the UGB. Metro Ordinance No. 02-969B, Exhibit M specifies that the city or county with land use planning responsibility for a study area included in the UGB shall complete the planning required by Metro Code Title 11, Urban Growth Management Functional Plan, Section 3.07.1120 ("Title 11 planning") for the area. Unless otherwise stated in the specific conditions, the city or county shall complete the Title 11 planning within two years. The two-year time period for Washington County's planning of Area 93 shall begin upon the operative date of this Agreement.

16. Transfer of CET Funds for Planning

During the first round of the Construction Excise Tax (CET) grant program initiated by Metro in 2006 to fund local comprehensive planning (Title 11 planning) needs associated with new areas added to the UGB between 2002 and 2005, Multnomah County submitted a grant request to Metro and was awarded \$202,500 to complete the Title 11 planning for Area 93. There is not currently an intergovernmental agreement between Metro and Washington County pertaining to this CET grant. As part of this Agreement, Multnomah County agrees to allow Metro to transfer the rights to the remaining balance of \$82,500 to Washington County. These funds will remain with Metro and will be made available to Washington County through allocation or reimbursement for Title 11 planning.

17. Map and Legal Description Submittal to Department of Revenue

The map and legal description for the planned transfer of Area 93 from Multnomah County to Washington County will be submitted to the Department of Revenue before March 31, 2014, per ORS 308.225.

WASHINGTON COUNTY OREGON

Legal Description

Proposed Boundary Change Multnomah County to Washington County

A parcel of land lying in the Northwest, Southwest, and Southeast One-quarters of Section 22, Township 1 North, Range 1 West, of the Willamette Meridian, Multnomah County, Oregon, being described as follows:

Beginning at the west One-quarter Section Corner of Section 22, Township 1 North, Range 1 West, Willamette Meridian, Multnomah County, Oregon;

thence along the west line of said Section 22, S 01°57'10" W 2628.07 feet, more or less, to the southwest Section Corner of Section 22, Township 1 North, Range 1 West, Willamette Meridian, Multnomah County, Oregon;

thence along the south line of said Section 22, S 87°57'36" E 2651.64 feet, more or less, to the south One-quarter Section Corner of Section 22, Township 1 North, Range 1 West, Willamette Meridian, Multnomah County, Oregon;

thence continuing along the south line of said Section 22, S 88°09'28" E 28.28 feet, more or less, to the easterly right-of-way of NW Marcotte Road as dedicated in the Map of Replat of Lots 4 & 5 Bonny Slope, a subdivision in the Multnomah County Plat Records, and a point 25.00 feet easterly of, when measured at right angles to, the centerline of NW Marcotte Road;

thence along the easterly and southerly right-of-way of said NW Marcotte Road, being parallel with and 25.00 feet easterly and southerly of, when measured at right angles to, the centerline of said road, the following 5 courses:

N 29°43'32" E 403.77 feet, more or less, to the beginning of a 104.76 foot radius curve to the right;

thence on said curve to the right through a central angle of 78°38'00" (chord bears N 69°02'32" E 132.75 feet) 143.77 feet, more or less, to the end of said curve and a point of tangency;

thence S 71°38'28" E 233.12 feet, more or less, to the beginning of a 125.00 foot radius curve to the left;

thence on said curve to the left through a central angle of 105°00'00" (chord bears N 55°51'32" E 198.34 feet) 229.07 feet, more or less, to the end of said curve and a point of tangency;

thence N 03°21'32" E 59.58 feet, more or less, to the southerly right-of-way of Multnomah County Road No. 1218 (NW Laidlaw Road), at a point 25.00 feet southerly of, when measured at right angles to, the centerline thereof;

thence leaving said rights-of-way of NW Marcotte Road and Multnomah County Road No. 1218 (NW Laidlaw Road), N 37°08'10" W 43.84 feet, more or less, to the centerline of Multnomah County Road No. 1218 (NW Laidlaw Road) at centerline station 20+02.00 B.C., as shown on the map of Multnomah County Road No. 1218, map D15/13, Multnomah County Road Records;

thence radial to said centerline, N 09°02'50" W 25.00 feet, more or less, to the northerly right-of-way of Multnomah County Road No. 1218 (NW Laidlaw Road) at station 20+02.00 B.C. 25.00 feet right, and the beginning of a non-tangent 179.60 foot radius curve to the right;

thence along the northerly and easterly right-of-way of Multnomah County Road No. 1218 (NW Laidlaw Road), being parallel with and 25.00 northerly and easterly of, when measured at right angles to, the centerline of said road, the following 7 courses:

on said curve to the right through a central angle of 23°58'00" (chord bears N 87°03'50" W 74.58 feet) 75.13 feet, more or less, to the end of said curve and a point of tangency at station 20+87.59 E.C. 25.00 feet right;

thence N 75°04'50" W 180.48 feet, more or less, to station 22+68.07 B.C. 25.00 feet right and the beginning of a 179.60 foot radius curve to the right;

thence on said curve to the right through a central angle of 33°17'00" (chord bears N 58°26'20" W 102.87 feet) 104.33 feet, more or less, to the end of said curve and a point of tangency at station 23+86.94 E.C. 25.00 feet right;

thence N 41°47'50" W 728.26 feet, more or less, to station 31+15.20 B.C. 25.00 feet right and the beginning of a 195.40 foot radius curve to the right;

thence on said curve to the right through a central angle of 43°31'00" (chord bears N 20°02'20" W 144.87 feet) 148.41 feet, more or less, to the end of said curve and a point of tangency at station 32+82.57 E.C. 25.00 feet right;

thence N 01°43'10" E 575.23 feet, more or less, to station 38+57.80 B.C. 25.00 feet right and the beginning of a 216.00 foot radius curve to the left;

thence on said curve to the left through a central angle of 37°06'53" (chord bears N 16°50'16" W 137.49 feet) 139.92 feet, more or less, to the east line of that property described in Deed Document 94-055215 of the Multnomah County Deed Records;

thence leaving said right-of-way and along the east line of that property described in said Deed Document 94-055215, N 02°11'48" E 611.94 feet, more or less, to the northeast corner thereof; said northeast corner being on the centerline of Section 22, Township 1 North, Range 1 West, Willamette Meridian, Multnomah County, Oregon and on the north boundary of Bonny Slope, a subdivision in the Multnomah County Plat Records;

thence along the centerline of said Section 22 and the north line of said Bonny Slope, N 88°26'12" W 1812.29 feet, more or less, to the northeast corner of Lot 19 of said Bonny Slope and the southeast corner of that property described in Book 600, Page 1653, of the Multnomah County Deed Records;

thence along the east line of that property described in said Book 600, Page 1653, N 02°11'48" E 180.00 feet, more or less, to the northeast corner thereof;

thence along the north line of that property described in said Book 600, Page 1653, N 88°26'12" W 374.00 feet, more or less, to the northwest corner thereof and the easterly right-of-way of NW 124th Avenue at a point 25.00 feet easterly of, when measured at right angles to, the centerline of NW 124th avenue;

thence along the easterly right-of-way of NW 124th Avenue, being parallel with and 25.00 feet easterly of, when measured at right angles to, the centerline of NW 124th Avenue, S 02°11'48" W 180.00 feet, more or less, to the centerline of said Section 22 and the north line of said Bonny Slope;

thence along the centerline of said Section 22 and the north line of said Bonny Slope, N 88°26'12" W 215.30 feet, more or less, to and terminating at, the west One-quarter Section Corner of Section 22, Township 1 North, Range 1 West, Willamette Meridian, Multnomah County, Oregon, and the beginning of this description.
