The following budget note was adopted by the Board of County Commissioners on June 10, 2010. Board discussion and deliberation is an integral part of the County budget process.

Budget Note: Data-driven reforms in sentencing are being developed around the nation that protect public safety, hold offenders accountable, and reduce corrections costs. In a study published in May, 2009, the Pew Center's Public Safety Performance Project recommends 10 evidence-based sentencing initiatives to control crime and reduce costs. In Multnomah County, sentencing recommendations are made by the District Attorney's Office. The Board of County Commissioners directs the District attorney to brief the Board at a public meeting by September, 2010 to review, respond to and make recommendations for implementing the ten evidence-based sentencing strategies from Pew's Public Strategy Performance Project.

The District Attorney's office has been working with Commissioner Shiprack's office on the presentation. Both agreed the date be extended to maximize the presentation and discussion.
