Hi, Courtney:

Here is a new amendment for Arata road. The amendment changed the date of one of the project milestones and added new language for ADA compliance. Please approve the Amendment and the APR. I have attached the original IGA and the previous two amendments for your reference. Let me know if you have questions.

Once you approve this Amendment if ODOT doesn't make any further changes, we won't send it back to you for any further approvals. This will be your final approval. If any changes are made, we will send it to you again.
