Courtney;

Thanks for taking the time to walk me through your concerns yesterday and I appreciate your flexibility in moving forward with the IGA as written.

I discussed this matter with Ian and measuring the risk associated with this project we decided to go ahead and send it for signatures.

again, thanks for your feedback and your reviews.
for Barbara's process, can she move ahead with signatures process?

Riad,

The language in 17.c.iii is still there and directly conflicts with 17.c.ii. The language added in 17.c.ii can't be added unless some of the language in 17.c.iii is deleted. Please see the language I added back in May in the attached document in section 17.c.

Thanks,
