Lift Every Voice:

The Black LGBTQ Oregonian Experience

**“I was bullied to
the full extent
for being gay
and separately
for being Black.”**

Community

“I have been told to my face that the reason I was terminated is because I received an email that led my supervisor to perceive I was gay.”

Economic Opportunity

“We need to be there, and let our leaders know they need to be vocal and supportive of the Black community.”

A role for everyone
