Centennial Community Assn - Vice Chair

Tonite's meeting at Parklane Church was a very important meeting and one that I, and many, hope will be the catalyst for the final, and once and for all launch, towards approval, on April 22, 2010, by the Commission of this much needed Courts facility. It would be wonderful to see East County finally receive a unanimous favorable vote to show the thousands of residents east of I-205 that we are all important when it comes to community justice.

So let us get this done for the benefit of all concerned. It definitely is time! Thank you.
Sincerely,
Ron Clemenson
