

# Coordinated Diversion: Bridge Treatment Team

## IMPACTS Grant Funded Program

*Christa Jones, MFP, Psy.D.*  
Senior Manager  
Community Mental Health Program

*Kathy Shumate, MS, QMHP*  
Program Manager  
Diversion Courts and Commitment Services

September 14, 2022

# IMPACTS Grant

- The IMPACTS program was enacted in recognition of the shortage of comprehensive community supports and services for individuals with mental health or substance use disorders, leading to their involvement with the criminal justice system, hospitalizations, and institutional placements.
- The purpose of the IMPACTS program is to address this need by awarding grants to counties and Oregon's federally recognized tribal governments to establish evidence-based and tribal-based programs to provide needed supports and services in local communities.

# Target Population

How we identified members of our target population:

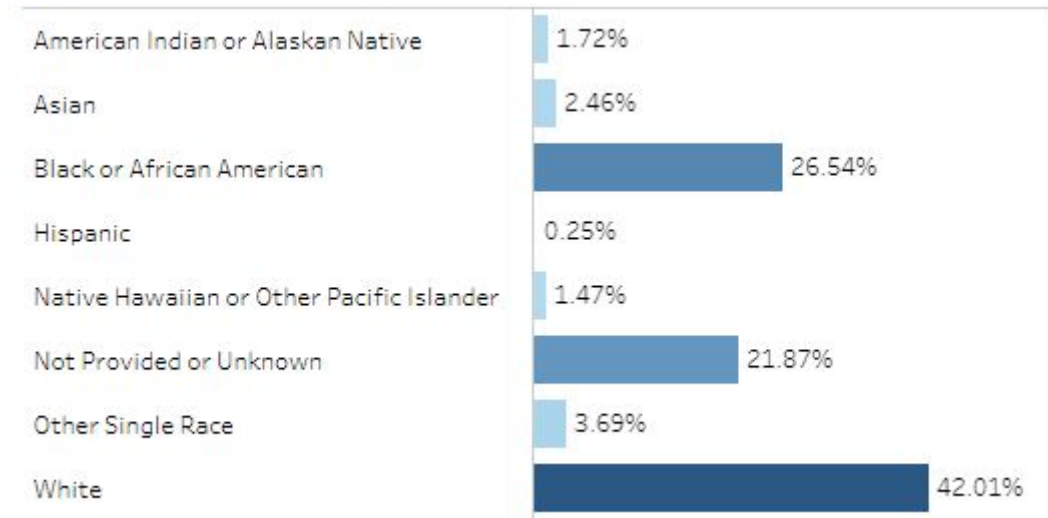

High utilizers are identified as having:

- 1) four or more jail bookings within a 12 month period and/or
- 2) four or more crisis contacts with a crisis services provider (e.g Multnomah County Call Center, Project Respond, Portland Street Reponse, Unity Center/Emergency Departments).

# A Focus on Equity

## FY 22 Race Demographics of Coordinated Diversion Clients

- Disproportionalities impacting underserved communities
- Shortages of community-based supports
- Building cultural specificity into approach
- Collaborating with Confederated Tribes of Siletz Indians of Oregon

# Bridge Treatment Team

## IMPACTS Funded

1 FTE Mental Health Consultant  
1 FTE Peer Support Specialist KSA  
.5 FTE Program Specialist Senior

1 FTE Clinical Services Specialist KSA  
.5 FTE Clinical Services Specialists

---

## State Funded

1 Program Supervisor  
1 FTE Mental Health Consultant KSA  
1 FTE Peer Support Specialist KSA

1 FTE Office Assistant  
.5 FTE Clinical Services Specialists  
.5 FTE Program Specialist Senior

---

## Access

Sub-acute treatment at Crisis Assessment and Treatment Center (CATC)  
Client transportation (Tri-met, cab services)  
Housing Assistance (Rent, application fees, etc.)  
Direct client assistance (Clothes, food, engagement)  
Telepsychiatry (Tri-County collaboration)

# Community Supports & Services

## Program Objectives

Provide culturally responsive, trauma-informed and client-centered supports and services while individuals await longer term options in order to:

- Improve health outcomes

- Increase collaboration and engagement of stakeholders involved in the treatment and care coordination of individuals who are criminally/legally exposed

- Decrease costs and adverse system interactions

# Data Collection

## Health Department

- Crisis System Contacts
- Health Department Service Usage

## The Joint Office of Homeless Services

- Analyze client overlaps and system interactions via FUSE data

## MCSO

- Individual booking data

## Health System Partners

- HSO
- Crisis Services
- JOHS
- Hospital Systems

## Data collection to track outcomes:

-Reduced jail bookings

-Emergency department use

-OSH Admissions

A stylized graphic on the left side of the image. It features two dark green mountain peaks with rounded tops. Below the mountains is a dark green wavy band representing a forest or a body of land. At the bottom is a blue wavy band representing water. The entire graphic is composed of solid-colored shapes with no outlines.
