## General Information

### 1. What action are you requesting from the Board?

Recognition and appropriation of additional Fed/State funding of \$158,745 in Child Abuse Multidisciplinary Intervention (CAMI) revenue from the State of Oregon Department of Justice (OR-DOJ).

### 2. Please provide sufficient background information for the Board and the public to understand this issue. Please note which Program Offer this action affects and how it impacts the results.

Oregon law requires that every county utilize a multidisciplinary approach to child abuse intervention. In 1989, the law specified that every county create a multidisciplinary team (MDT) that is coordinated by each county's District Attorney. The legislature recognized then, as it still does today, that identifying and responding to child abuse is complicated and thus requires complex collaboration and consistent team work to address child abuse situations adequately.

In 1993, the Oregon legislature established the Child Abuse Multidisciplinary Intervention (CAMI) Program. The CAMI Program provides funding to counties for the development and ongoing support of community child abuse multidisciplinary teams. The Multnomah County CAMI team consists of the Multnomah County District Attorney's Office (MCDA), CARES Northwest, the Oregon Department of Human Services (OR-DHS), the Portland Police Department, and the Gresham Police Department.

A two-year extension of this long-standing contractual relationship with the State of Oregon Department of Justice covering the period July 1, 2017 to June 30, 2019 was executed after the FY2018 budget was adopted. This budget modification increases the appropriation by \$158,745 in FY2018 to fully incorporate funding in excess of the amount forecasted during the FY2018 budget process.

### **3. Explain the fiscal impact (current year and ongoing).**

The additional CAMI revenue will increase the District Attorney's Fed/State fund (1505) by \$158,745. With the increase, the District Attorney's total CAMI allocation will be \$1,013,830 for Fiscal Year 2018.

The following proposed distribution of the additional funds was presented to and approved by CAMI Executive Committee: MCDA's CAMI programs will receive an additional \$41,530 to fund 0.28 FTE Deputy District Attorney position, \$23,047 for travel & training, \$20,833 for office supplies, \$10,900 for expert witness fees, \$56,309 pass through to CAMI partner agencies, and \$6,126 for Central and Departmental Indirect Costs. The Risk Fund will increase by \$6,207.

### **4. Explain any legal and/or policy issues involved.**

ORS 418.747 - "The district attorney in each county shall be responsible for developing county multidisciplinary child abuse teams to consist of but not be limited to law enforcement personnel, Department of Human Services child protective service workers, school officials, county health department personnel, county mental health department personnel who have experience with children and family mental health issues, child abuse intervention center workers, if available, and juvenile department representatives, as well as others specially trained in child abuse, child sexual abuse and rape of children investigation."

### **5. Explain any citizen or other government participation.**

The District Attorney's Office participates on the Multnomah County CAMI Executive Committee with other CAMI partners including CARES Northwest, the Portland Police Bureau, the Gresham Police Department, and Oregon DHS.

The CAMI Executive Committee has approved the proposed distribution of the additional funding.
