Greater Portland Inc. (GPI) is a regional partnership of public and private entities focused on helping companies expand in and locate to the Portland-Vancouver region. GPI works to align the economic development priorities of local jurisdictions and coordinates among local jurisdictions to help make the region a more attractive location for companies that are seeking to relocate or expand their operations.

As a Platinum Director for GPI, Multnomah County has a seat on the GPI board of directors, and Commissioner Smith represents Multnomah County on the GPI board. Thirty other local jurisdictions, together with 43 private businesses, six universities, and five associations provide financial support to GPI at various investment levels.

The purpose of this briefing is to update the Board on the results and accomplishments of GPI and to provide the Board an opportunity to ask questions and provide input to GPI regarding its ongoing work.

This briefing is relevant to Program Offer #72003B (FRM Economic Development) in the FY15 budget and Program Offer #72011 (FRM Economic Development) in the Chair's Proposed FY16 budget.
