Are you a resident of Multnomah County? Yes

Which Multnomah County Library do you use most? Belmont

Please help us understand your interest in serving on the Library Advisory Board by sharing why you are applying? As a professional author, I rely on the services of Multnomah County Library every day, professionally and for personal use. I also deliver talks and network with librarians throughout the U.S., giving me insight into library practices more broadly. This is a way to share my expertise while giving back to one of the institutions that makes Multnomah County such a wonderful place to live and work.

What attributes in particular would you bring to the board? I am a frequent user of a wide variety of library services. I am an author (published most recently by Simon & Schuster and HarperCollins) who understands the role libraries play in connecting readers to books. I speak at libraries around the US and Canada, and in that capacity interact with librarians from many different library systems.
