

BEFORE THE PLANNING COMMISSION
FOR MULTNOMAH COUNTY, OREGON

RESOLUTION NO. PC 2013-2659

Recommend the Board of Commissioners accept the Sauvie Island/Multnomah Channel Rural Area Plan Scoping Report and direct the Land Use and Transportation division to implement the proposed work program to update the Sauvie Island / Multnomah Channel Rural Area Plan and Transportation System Plan.

The Planning Commission Finds:

- a. The Planning Commission is authorized by Multnomah County Code Chapter 34.0140 to recommend to the Board of County Commissioners the revision of a comprehensive plan or portions thereof.
- b. The Land Use and Transportation Planning Division conducted a public engagement process during the spring of 2013 to identify what changes to the Sauvie Island/Multnomah Channel Rural Plan could respond to community needs. The issues identified by participants in that process are contained within the Sauvie Island/Multnomah Channel Scoping Report.
- c. The public engagement activities resulted in an inclusive process that included neighborhood meetings and two open house events, focus group meetings with government and non-government stakeholders, and opportunities to respond to questionnaires either on-line, or by direct mail. This process has resulted in a well-informed scoping report.

The Planning Commission resolves:

The Planning Commission recommends that the Multnomah County Board of Commissioners accept the Scoping Report for the Sauvie Island/Multnomah Channel Planning Area attached hereto as Exhibit A.

The Planning Commission further recommends that the Board of Commissioners direct staff to conduct the proposed work program described in the May 6, 2013 staff report to update the Sauvie Island/Multnomah Channel Rural Area Plan and the Transportation System Plan.

ADOPTED this 6th day of May, 2013.

PLANNING COMMISSION
FOR MULTNOMAH COUNTY, OREGON

John Ingle, Chair
