Attached is the resolution adopting the 2000-2001 Multnomah County Budget with all the referenced attachments reflecting Board actions on June 15, 2000:

- Attachment A – a list of all amendments adopted by the Board
- Attachment B – the appropriations reflecting the approved budget and the amendments
- Attachment C – the Board's response to the objection and recommendations in the Tax Supervising and Conservation Commission letter of certification
- Attachment D – notes of actions to be taken during the coming year.

Note that the resolution findings cite dollar amounts that were the departmental expenditures included in the approved budget. These amounts differ from those in both the Tax Supervising letter of Certification and from the amounts in the final appropriation schedule. The appropriation schedule reflects all requirements, both those changes incorporated in the amendments and the fund level contingencies.

We will be levying the property taxes for Multnomah County on Thursday, July 6 and we will promptly forward that resolution and a copy of the LB-50.

| 01_DSS_CA_10 | Carries over General Fund money for the City of Portland Local Law Enforcement Block Grant for enhancement of Decision Support System in the Information Services Division, for \$102,000. This enhancement will go before the Board in June 2000 on a budget modification for \$128,000. The current level of funding by the County allows for some continued development as long as no major hardware or software licensing is added. The hardware platform is a PC which only supports a minimal number of users and data. This addition of block grant revenue will allow the County to procure a production server, additional software licenses, enhanced software development tools, and consulting service to assist in taking full advantage of system capabilities. | 102,000          | 0        | 0                        | 0.00        |

### TA: Technical Amendments

| Trans ID     | Description  | Expenditure | Revenue | Effect on GF Contingency | FTE  |
|--------------|--|-------------|---------|--------------------------|------|
| 01_DES_TA_01 | Increases the Road Fund Cash Transfer to Willamette River Bridges Maintenance due to higher 1999 Portland CPI than earlier projected. Increase is dictated by the terms of a 1989 IGA between Portland and Multnomah County.   | 2,029       | 0       | 70                       | 0.00 |
| 01_DES_TA_02 | Shifts and downgrades an Engineering Service Administrator to a Transportation Planning Specialist from Right of Way Administration to Program Develop & Planning in the Transportation Division; reclasses 1-OA to 1-OA Sr; 2- Bridge Engineers to 2-Sr. Engineers; Salary savings from reclassifications will be used to fund changes in the IGA with Portland for maintenance of county roads in West Multnomah County.   | 0           | 0       | 28                       | 0.00 |
| 01_DES_TA_03 | Reallocates the \$2.75 million cash transfer to FM for debt service for the Multnomah Building to the departments occupying space there. This technical change makes the MB debt service recovery consistent with past practice. There is no net budget impact   | 0           | 0       | 0                        | 0.00 |
| 01_DES_TA_04 | Deletes two transportation projects that are being jointly developed with Gresham and are being delayed indefinitely. The delay is due to recent private development in the vicinity. The Projects are at: 181st @ Halsey (\$710,000) and 181st (184 to Halsey)(\$835,000). Reduces corresponding Traffic Impact Fees.   | 0           | 0       | 0                        | 0.00 |
| 01_DES_TA_05 | Adjusts the beginning working capital, contingency and unexpended balance in Fund 410 - Fleet Management as a result of the latest financial information.  | 388,447     | 0       | 0                        | 0.00 |
| 01_DES_TA_06 | This amendment adjusts beginning working capital and contingency in fund 404 - Distribution based on the latest financial projections and actual data.   | -25,487     | 0       | 0                        | 0.00 |
| 01_DES_TA_07 | Corrects an error made in Fund 410 - Facilities Mgt Fund. Moves expenditures and revenues to correct organizations. No net impact to the budget.   | 0           | 0       | 0                        | 0.00 |
| 01_DES_TA_08 | Deletes the final payment for the Hawthorne Bridge construction COP from FY01; full payment was made in FY 00, saving an additional interest payment that would have been charged if carried over into FY01.   | -274,408    | 0       | -9,408                   | 0.00 |
| 01_DES_TA_09 | Adjusts the county supplements to the cities of Fairview, Gresham, and Troutdale based on a revised 1999 Portland CPI. Payment is dictated by IGA's between Multnomah County and the cities made in 1995, and amended 1999. This amendment also adjusts the County supplement to Portland based on terms IGA, adopted 1989.  | -4,092      | 0       | -28                      | 0.00 |
| 01_DES_TA_10 | Transfers the \$54,356,152 appropriation for the Wapato Jail and A&D Treatment bed construction from DES to the MCSO. Funds affects are 230-Justice Bond Project Fund, and 232 - SB 1145 Funds. Beginning working capital (BWC) estimates and FY 01 budgeted expenditures are projected carryovers for these specific projects. Year-end balances will dictate the actual BWC that will be available for these projects.   | 0           | 0       | 0                        | 0.00 |
| 01_DES_TA_11 | Increase fund 252 interest and contingency. This amendment did not get processed in the proposed budget.   | 300,000     | 0       | 0                        | 0.00 |
| 01_DES_TA_12 | A housecleaning item which adjusts expenditures, revenue, cash transfers and contingencies in Funds 240 - Capital Projects, 251 - Deferred Maintenance, 252 - Asset Preservation; and 410 - Facilities Mgt Fund to correctly reflect the FY 2001 Capital Program. Changes are made in 252 BWC and interest revenue based on revised capital carryover information and new interest estimates. Cash transfers from 240 to 252 are adjusted to reflect the increased 252 carryover. Fund 252 capital outlay is increased to reflect carryover projects. Fund 240 BWC is increased based on revised expenditure and revenue information from F&PM. Fund 240 capital outlay is increased to reflect increased revenue. Fund 240 to 251 cash transfer is reduced for FY 2001 to cover Fund 240 expenditures. This cash transfer will be fully restored in FY 2002. Correction are made in 251 capital outlay to reflect program requirements. Reimbursements from 251 to 410 are reduced due to an earlier transposing of object codes. Fund 410 is reduced to reflect the decreased revenue from fund 251. | -669,789    | 0       | 0                        | 0.00 |

Dear Board Members:

The Tax Supervising and Conservation Commission met on June 7, 2000, to review, discuss and conduct a public hearing on the Multnomah County 2000-01 Annual Budget. This hearing was conducted pursuant to ORS 294.605-705 to confirm compliance with applicable laws and to determine the adequacy of estimates necessary to support the efficient and economical administration of the district.

The 2000-01 budget, filed May 11, 2000, is hereby certified by majority vote of members of the Commission with the following objection and recommendation.

**Objection:**

**Interest Income Estimates**

Interest income was not budgeted within the following funds:

- |                                      |                            |
|--------------------------------------|----------------------------|
| SIP Fund                             | Willamette Bridges Fund    |
| Bicycle Path Construction Fund       | Revenue Bond Sinking Fund  |
| Public Land Corner Preservation Fund | PERs Bond Sinking Fund     |
| Animal Control Fund                  | Assessment & Taxation Fund |
| Asset Preservation Fund              | Mail Distribution Fund     |
| Facilities Management Fund           |                            |

Please allocate estimated earnings from interest and adjust requirements for these funds at adoption.

**Recommendation:**

**Fund Over Expenditures**

As noted on page 42 of Multnomah County's Comprehensive Annual Financial Report, Juvenile and Adult Community Justice Services was over expended in the Federal and State programs Fund. We recommend that expenditures be more closely monitored during the year and any necessary adjustments be made before appropriations are exceeded.

Aside from the specific objections and recommendation noted, estimates were judged to be reasonable for the purposes shown and the document was found to be in substantial compliance with the law. Budget estimates and levy amounts certified are identified on the attached schedule.

Please file a copy of the adopted budget and supporting documentation with the Commission within 15 days of adoption. The filing should include all budget detail sheets, LB-50, proof of publication of the notice of the public hearing, and the resolutions. Responses to Commission objection and recommendation should be included in either the adopting resolution, or within an accompanying letter.

Thanks again to staff for their efforts and assistance.

Yours very truly,

## Multnomah County Response to TSCC Objection

We have reviewed the County's Investment Policy for FY 1999-2000 (Resolution 99-175) and believe we are in substantial compliance with the section detailing interest earnings application.

The Budget Office has prepared an amendment which will add interest revenue to the following funds:

|                                |                           |
|--------------------------------|---------------------------|
| Bicycle Path Construction Fund | Revenue Bond Sinking Fund |
| PERS Bond Sinking Fund         | Asset Preservation Fund   |
| Deferred Maintenance Fund      |                           |

These funds are all contemplated in the Investment Policy and it is, therefore, appropriate to credit interest earnings to them.

It should be noted that both the Asset Preservation Fund and the Deferred Maintenance Fund are new for FY 00-01. They are being derived from working capital in the Capital Improvement Fund. Since we expect those balances to be transferred on or around July 1st we can budget for the estimated interest that will accrue to the new funds.

The Animal Control Fund and Assessment & Taxation Fund are all subsidized, to a more or less degree, by the General Fund. The interest earnings associated with balances in those funds are credited to the General Fund.

The Facilities Management Fund and Mail Distribution Fund generally maintains a negative cash flow balance and therefore we do not allocate interest to these funds unless they have a positive cashflow.

The Willamette River Bridge Fund is subsidized by the Road Fund. Any interest earnings associated with the balance in this fund remain in the Road Fund.

The County maintains the SIP Fund and the Land Corner Preservation Fund as a statutory requirement. The ORS related to these funds is silent on the issue of interest earnings. We have neither budgeted nor recorded interest earnings in these funds since their creation.

For FY 2001-02 we will formalize a review process to ensure the Approved Budget is in compliance with County policy.

## **ATTACHMENT D**

### **FY01 BUDGET NOTES 2000**

#### **CHILDREN'S ISSUES**

1. The Health Department will work with the State of Oregon to encourage adequate reimbursement for local jurisdictions providing school based health services. The Health Department will develop criteria about expansion potential into high and middle schools with the goal of adequate coverage throughout county high and middle schools. The Department will reexamine the appropriateness of the current model in the variety of contexts in which it is being used. Finally, the Department will schedule a Board Briefing/discussion about funding strategies/options/long range plans when more information is available.
2. The Board will begin implementing improvements in the Early Childhood system. The Budget office will schedule time with the Board this summer to consider options and set priorities for funding from \$400,000 reserved in contingency. Once decided, the board will approve amendments transferring funds to appropriate Departments in anticipation of a January 1, 2001 start up. Options will include partial funding for the Child Receiving Center, supportive services for families served by the CRC, home visitation programs for high risk newborns and their parents, and relief nurseries. The planning will be broadened to include \$250,000 of funding from Community Justice for early intervention strategies which will reduce youth involvement in the public safety system. The planning will continue to be coordinated through the office of Commissioner Naito and with staff support from Denise Chuckovich and Joann Fuller.
3. The Department of Community and Family Services will review and report on the current funding formula used for the Family Centers.

#### **COUNTY OPERATIONS**

1. Finance will review the status of the Risk Management fund, including a five-year fund projection/analysis and adjust rates accordingly for the next fiscal year.
2. The Finance Committee of the Operations Council is asked to review the County's method of generating rates and charging internal service reimbursements and recommend changes. Specifically, the Committee will review timeliness of charges, consistency in cost allocation, cost efficiencies, and the customers review process. Consideration will be given as to how countywide services should be billed and presented in the budget, incentives to improve costs efficiency, and customer input. As a part of this review, the Department of Environmental Services will develop consistent policies for use and costs related to take home cars and will recommend overall policy direction with regard to centralized vs. decentralized facility services. The review will benefit from the work of the County Auditor, who is undertaking a similar review. The Committee recommendations will be reviewed by the Operating Council, Direct Report Managers and Elected Officials prior to budget development.

3. Information Services Director Lisa Yeo will provide the Mental Health Design Team and the Board with a proposal concerning how best to deal with the data needs of our Behavioral Health system countywide. Funds for coordinating the development of a countywide Data Warehouse are included in the budget from the IS ending working capital. The Board will review Director Yeo's proposal prior to expending those funds.
4. The Department of Aging and Disability Services will provide the Board with a status report regarding the information services improvements that will result from the carryover state revenues.
5. The Health Department will develop the expertise to prepare a billing to State demonstrating the cost providing Correction Health services for in custody people.
6. The Department of Support Services will continue online training opportunities and consider the Department's request to increase training dollars in the fall once beginning working capital is determined.
7. The Department of Support Services will monitor the impact of MERLIN implementation on the County and determine how work process are being reengineered and the potential personnel impacts within Departments. DSS will document employee user profiles and explain the functions of these profiles as they are assigned to Merlin. Included in this documentation will describe some of the generic changes in workload functions between the current legacy systems and MERLIN.

## **PUBLIC SAFETY**

1. The County would like to reexamine the role of the school resource officer. Included in that examination will be an analysis of services provided and who is the most appropriate funder. At this time, the County believes it has prime responsibility to serve students who do not live in incorporated areas of the County. The County will examine its funding policy on these positions following this study.
2. The Board will reexamine their current direction in public safety as part of a mid-year policy review.

## **MENTAL HEALTH**

The County will consider service enhancement proposals from the Design Team focused on pressing needs in adult and children mental health. The Board will reserve \$800,000 in the General Fund and CAAPCare Contingencies to access for these services needs. The County has the potential to access an additional \$1,500,000 from the State to help improve the mental health system. The Design Team will consider mental health related amendments raised during this budget process.

## **POTENTIAL CONTINGENCY ISSUES**

The following are issues that the Board has identified for possible contingency discussion during FY01.

### **COURT DAY CARE**

The County will consider providing a match to the State and/or private business or non profit groups interested in providing operating funds for a court day care facility.

### **STOP**

The County will consider a request to expand funds to the STOP drug diversion program, depending upon the outcome of grant requests, the impact of the program redesign, the negotiations with the City of Portland concerning federal funds, and the impact of service reductions resulting from the City's withdrawn of funds.

### **STAFFING FOR BOARD APPROVED TASK FORCES**

The County will provide one time staffing for Board approved Task Forces from the contingency fund.

### **DOMESTIC VIOLENCE**

The Domestic Violence coordinator will return to the Board this summer with a proposed policy statement on domestic violence, covering vision, mission, values, and role of the County. The Board will also consider Board advocacy issues and Departmental projects relating to Domestic Violence. Some of these projects may require additional general fund for training, supplies, or technical assistance. The Board may access contingency for those requests if appropriate.

### **DEVELOPMENTAL DISABILITY CLIENTS**

The Board would consider a possible contingency appropriation for family support for developmental disability clients pending outcome of state lawsuit concerning the DD waitlist.

### **HOMELESS FAMILIES**

The Board may consider a possible contingency tap to implement the first phase of the Homeless Families Plan.

### **FLASH MONEY**

The County understands that, on occasion, the use of large sums of money known as "flash money" is a necessary element to the successful investigation of drug, property, and other types of crimes by the Sheriff's Office. In order to further an investigation, the use of flash money is an important tool to the infiltration of the criminal enterprise and in gaining the acceptance and confidence of an alleged criminal. The County also understands that there is a risk of loss when flash money is used during these types of investigations. The County acknowledges the sum of \$100,000 as an acceptable risk when using flash money in a criminal investigation.

**TRANSITION SERVICES**

Community Justice will return to the Board this fall to provide a review of transition services for offenders leaving jail and identified for treatment. One model for consideration will be a mentorship program that has been successful in transitioning addicts from Hooper Detox to community treatment. A crucial component of that Mentoring program is the availability of alcohol free supervised housing. The Department will examine the -current array of treatment options, availability of resources, and potential gaps in support for offenders who leave jail without treatment being immediately available.

**FRIENDS OF PUBLIC HEALTH**

The Board may consider a contingency appropriation after reviewing a proposed project list and a Budget Office review of the Friends of Public Health budget and financial plan.

June 15, 2000

**AMENDMENT TO ATTACHMENT D: BUDGET NOTE LIST**

---

**Potential Contingency Issues:**

**Court Appointed Special Advocates (CASA)**

The Board may consider a contingency appropriation to assist CASA's move from Juvenile Justice facilities after reviewing a CASA funding plan and schedule and after reviewing of the Department of Community Justice's FY1999-2000 spending level.
