- Co-Chairman of Labor/Management Committee
- Development of legislative initiatives, interaction with legislators and governor, and presentation of testimony
- Creation and implementation of numerous initiatives and deliverables as a result of work with state and local partners

*Special Projects*

**Actual Cost Workload study**

Lead effort that included time study of all 36 counties, collection of county and state budget expenditures, combined to form the basis of the Governors Budget Request for 07-09 Community Corrections budget.

**AIP Intensive A&D**

Development and legislative passage of act that expanded Alternative Incarceration Program to include Intensive Alcohol and Drug Treatment Program.

**Sex Offender pre-release Unit**

Developed Concept and created proposal for Governors Budget Policy Package for the operation of a sex offender pre-release program. Implemented program prior to legislative funding.

<p><b>PREVIOUS PROFESSIONAL EXPERIENCE</b></p>	<p><b><u>Implementation of Community Corrections Partnership Act</u></b>  This act transferred all probation and parole services to county control, constructed 1,800 local custody beds, established local supervisory authorities and required local public safety advisory boards, and created funding mechanisms for implementing all of the above. It also required the transfer of over 300 field staff from state to county employment.</p> <p><b><u>Transition Project</u></b>  This project involved over 30 organizations and 500 individuals in the 2-year development of a model re-entry process for both the state and county inmates. Duties included sponsorship and management of project management staff, and coordination and collaboration with other stakeholders, to develop specific implementation plans and gain approval from Department of Corrections Executive Staff, Parole Board and Association of Community Corrections Directors and Oregon Sheriffs Association. Based on the model developed, Oregon was selected by the National Institute of Corrections as the test site for a national re-entry project.</p> <p><b><u>Administrator Community Corrections Oregon DOC, 1989-1995, 500 Employees.</u></b>  Direct operation of state probation and parole offices, Jail Inspector.</p> <p><b><u>Supervisor, Clackamas County Community Corrections, 1981-1989, 10-20 employees.</u></b>  Range of responsibilities from supervisor to work release manager in a variety of special assignments.</p> <p><b><u>Pre-sentence Investigator, Oregon Department of Corrections, 1979-81.</u></b>  <b><u>Prison Counselor, Oregon State Department of Corrections, 1977-79</u></b>  <b><u>Human Resource Assistant 2, Oregon Corrections Division, 1975-77</u></b>  <b><u>Juvenile Institution Security Staff, Maclaren School for boys, 1974-75</u></b></p>
<p><b>EDUCATION</b></p>	<ul style="list-style-type: none"> <li>• B.S. Police Science and Administration, <i>Washington State University</i></li> <li>• B.A. Sociology with social work focus, <i>Washington State University</i></li> <li>• Masters in Public Administration, <i>Portland State University</i></li> </ul>
<p><b>PERSONAL INFORMATION</b></p>	<ul style="list-style-type: none"> <li>• FAMILY: Married 33 years, 2 sons</li> <li>• ACTIVITIES: Pilot, golf, marathons, triathlons, interested in sports and outdoor activities in general</li> </ul>

**Additional  
Accomplishments**

**Evidence Based Practices**

Legislation was passed in the 03-05 Oregon legislature that requires 5 state agencies to connect funding to evidence based programs. I sit on the statewide coordinating council and take the lead within the Oregon Department of Corrections for its implementation. Oversee the statewide training of line staff both county and state in evidence based practices. Oversee the administration of the CPAI on all institution and county programs.

**Oregon Classification and Case Management System**

I took a leadership role in designing and implementing statewide and standardized risk assessment in community corrections, leading to the system's ability to focus resources on those offenders at greatest risk to re-offend. State budget policy also was changed to focus resources and correctional interventions on the highest risk offenders, a research based practice.

**Intermediate Community Sanctions**

I worked with local criminal justice system partners to develop a structured system of imposing intermediate sanctions in response to violations of community supervision. We developed legislation to support the administrative sanctions process. Developed and delivered statewide training to implement this system change. This policy resulted in substantial savings in both court costs and prison costs.

**SB 1145, Changes to the Community Corrections Act**

1995 Senate Bill 1145 significantly changed the operation of community corrections in Oregon. Worked with county partners in drafting the legislation and took the lead for the state in implementation. We designed an inclusive and participatory process for implementation and solving system problems. I was also responsible for issues such as the transfer of more than 400 employees, property identification, and construction of over 1,500 local custody beds.

**Transition Project**

I initiated the Transition Project, a multi-agency and statewide effort to improve the success of offender's transition from prison to community. This project has become a national model supported by the National Institute of Corrections.

**Oregon Accountability Model**

The Oregon Accountability Model is a strategy of the entire Department of Corrections. However, it began as an improvement in inmate assessment followed by an effort to improve the effectiveness of correctional interventions delivered in prison. This continues as a guiding principle in the department's strategy.

**Victim Notification**

Initiated and supported the development of the automated victim notification system now in operation across the state for prisons, jails, and community corrections.

**Sex Offender Supervision Network**

Initiated and supported the development of this statewide network group. This group is recognized for its leadership at the Oregon Legislature and it has been a resource to practitioners in other states. The model has been replicated for other corrections issue networks in Oregon.
