RE: *Parliamentary Procedure*

---

*Who says you can't teach old dogs new tricks? We have been incorrectly using a parliamentary procedure called a "motion to table", which is properly used to lay something aside temporarily in order to take care of a more urgent matter during the course of a meeting.*

*The proper parliamentary procedure for items the Board would like to dispose of without making a decision for or against, would be for a commissioner to make a "motion to postpone indefinitely". If you all don't mind, I would like us to become PC (that's parliamentarily correct)! Thank you.*

FROM: Beverly Stein, Chair

DATE: April 1, 1994

RE: BCC Agenda

BOARD OF  
COUNTY COMMISSIONERS  
1994 APR - 6 PM 3:05  
MULTNOMAH COUNTY  
OREGON

As of April 14, I will be making a few changes for regular board meetings. Reclassifications will be placed on the Board Consent Calendar if they meet the requirements noted below. Budget modifications that implement IGAs that were approved in the adopted budget will also now routinely appear on the consent calendar. I have included a list of criteria for placement on the board consent calendar in this memo. As you know, we have been placing citizen appointments to boards and commissions on the consent calendar but at your request, for any appointment, please let Delma know and she will place it on the regular calendar. I know that there are times when you would like to have appointees appear at the board for appointment.

### ON CALL BRIEFINGS

In order to take care of more business at our Thursday meetings, I will be asking departments to be available for on call briefings if a regular board meeting looks like it may be short. We can usually tell by Wednesday afternoon how much time the next week's agenda will take and Delma will call departments who have signed up for an on call item and invite them to attend the next meeting. This will hopefully give us more time on our Tuesday calendars to take care of other business.

### RECLASSIFICATIONS

Will be placed on the Consent Calendar if they do not require additional appropriations in the current year, and the department understands that the full year cost will have to come from within its allocation for the coming year. Employee Services reviews each reclassification and I will expect them to alert me to any problems

Memo to Commissioners  
Page 2

or issues related to reclassifications. I will also expect that the departments include future fiscal impact on the supplemental staff reports.

#### **BUDGET MODIFICATIONS**

If a budget modification implements an IGA that goes on the consent agenda, the budget modification will go on the consent agenda as well.

#### **CRITERIA FOR PLACEMENT ON BOARD CONSENT CALENDAR**

Liquor License Renewals

Annual Renewals and/or amendments to existing intergovernmental agreements that involve minimal (reviewed by Budget Office) or no budget impact.

Auto Wrecker License Renewals

Revenue Contracts

Routine Tax Title Orders

Transfers of Unclaimed Property

Routine Peace Officer Holds Resolutions

Final Orders Pertaining to Decisions of the Planning Commission

Citizen Appointments to Boards & Commissions

Per Commissioner's request, citizen's appointments will be placed on regular agenda.

#### **NEW ITEMS:**

Budget modifications that implement an IGA that was approved in the adopted budget.

Reclassifications not requiring additional appropriations in the current year.

DATE: April 8, 1994

SUBJECT: Budget Hearings - Proposed Schedule

1994 APR - 8 AM 9:43  
MULTNOMAH COUNTY  
OREGON  
CLERK OF COUNTY COMMISSIONERS

Attached is my proposal for the hearing schedule for the formal budget process, particularly the departmental hearings for May and June.

The process is based on the plan to approve the budget on April 21 for submission to Tax Supervising. This will comply with the formal requirement that the Budget Committee submit a budget prior to May 15. It does not, of course, imply agreement on the part of the Board with the policies included in the budget, nor with the Chair's proposed allocation of resources.

We had many reasons for this process, but two of them are significant. First, a major portion of the County's General Fund revenues are provided by the Business Income Tax - about \$24 million this year, we think. Typically, we receive about 70% of the Business Income Tax revenue in April, and get the first reliable reports of the amount in early May. Fluctuations in those receipts have required us to make major funding revisions in each of the last five budgets. By delaying budget decisions until we have reasonable certainty about this revenue, we should be able to have a more coherent process and make priority allocations with which the Board is comfortable, based on reliable information. Second, the Board has found itself moved progressively into a fragmented budget process. The last two years, the Board has gone through three distinct sets of budget hearings, making program and funding decisions at the end of each set. This has led to uncertainty on the Commissioners' part about what has and has not been funded. It has also led to a number of problems being deferred from one process to another until the solutions to those problems could not be effectively balanced against other decisions that were made in earlier iterations of the budget process.

The Tax Supervising Administrative Officer has agreed that this process makes sense for the Tax Supervising Commission - on a trial basis at least. It gives them longer to analyze the budget, and it will allow them to hold a hearing on the budget before the County has made final decisions so that their views can be given more consideration by the Board.

Budget Hearings - Proposed Schedule  
April 8, 1994

If the proposed schedule presents scheduling problems for you, Delma Farrell in the Chair's Office has cheerfully volunteered to try to reconcile it so that the problems are overcome. Do not hesitate to give her a call.
